Report errors like this to help Mozilla identify and block malicious sites

Step 2

mail.lged.gov.bd uses an invalid security certificate.

The certificate is not trusted because the issuer certificate is unknown.
The server might not be sending the appropriate intermediate certificates.
An additional root certificate may need to be imported.

Error code: [SEC_ERROR_UNKNOWN_ISSUER](#)

Step 3

Add Security Exception

You are about to override how Firefox identifies this site.
Legitimate banks, stores, and other public sites will not ask you to do this.

Server

Location: [Get Certificate](#)

Certificate Status

This site attempts to identify itself with invalid information. [View...](#)

Unknown Identity

The certificate is not trusted because it hasn't been verified as issued by a trusted authority using a secure signature.
