1. Background of the project:

UNFPA is the United Nations sexual and reproductive health agency to implement Providing Quality GBV Prevention and Response for the Rohingya and Host Communities in Cox's Bazar to increase Community wellbeing along with NGO (Mukti Cox's Bazar) financed by World Bank. The Project is targeting Displaced Rohingya People (DRP) and host communities in the affected areas of Ukhiya and Teknaf to ensure lifesaving Gender Based Violence (GBV) services and prevention activities to mitigate the GBV.

The project, with the expansion of comprehensive GBV services, bringing new community mobilization approach SASA (start awareness support action)! Together, where it involves everyone and engages a critical mass of people across all levels of society in order to create social norm changed, social cohesion between refugee and host communities will be fostered by facilitating joint activities between communities; by extending more assistance to host communities in Ukhiya and Teknaf.

Twenty Women Friendly Spaces (17 for Rohingya refugees, two for host community, one mixed) serving the camps and host communities, providing them access to midwifery and other important services for protection and well-being.

This screening report has been prepared for 4 WFS of UNFPA are situated and consisting 2 (Two) on Government land, 1 (one) on rented house and 01 (one) on rented open place for construction of WFS. These establishments will improve by the UNFPA targeted to access basic services and aims to this project will have a focus on developing community-based protection groups, empowering community to provide a safe community for their women and girls. The project will target to include high risk populations and marginalized groups into all the activities of GBV prevention and response of the displaced Rohingya population as well as Host Communities. These screening reports are being prepared for 4 WFS situated in host community and DRP camp following the guidelines of ESMF and RPF. Detail's list of sub projects is mentioned below (SL # 2). LGED & D&SC team has conducted social screening as per request of World Bank & UNFPA and results indicates that two selected Government and one private place will be constructed for WFS building and one WFS will be established rented building. LGED & D&SC team has conducted screening at 4 WFS following the guidelines of ESMF and RPF suggested by World Bank.

2. Location of Sub project

3. Map of Cox’s Bazar District with Project Location

Map illustrating 4 (Four) nos. Women friendly spaces (WFS) locations in the Ukhiya & Teknaf Upazilla

4. Project Goal and objectives:

Goal: Advance gender equality, women's and girls' empowerment and reproductive right, including for the most vulnerable and marginalized women, adolescent and youth right will be ensured.

Objective: Gender Based Violence in Emergency (GBViE) Project aims to Save the lives and Dignity of the women and girls from Rohingya communities and host community as well.

5. Methodology

A team consisting of social and environment Specialists of PMU and a design & supervision consultant visited the 4 sites of WFS and conducted focus group discussion (FGD) with relevant stakeholders and participated in formal and informal interactions with host community and the DRP Camp Rohingya peoples. A structured questionnaire was used to obtain necessary primary data relating to location and land acquisition requirement, land ownership, losses of land, assets and other factors. Further information's were gathered through interviews of key informants and most importantly stakeholder consultation meetings through a FGD approach to capture the female and male people's opinion and feedback about the WFS improvement.

6. Summary of Key Findings:

6.1 Summary of Impacts:

Proposed WFS will be improved on a part of existing established rented house and newly construction of rented open place. All are established in a private place which is rented by UNFPA and its local partner Mukti Cox's Bazar. An agreement has been made in between land owner and implementation NGO Mukti (See Annex-30). Social Screening survey confirmed that 3 WFS will be established rented building and another 3 WFS will be established in a rented open place. Social Screening surveys found that in open place there have some little bit small trees which are require to cut off & mitigation measures shall be needed according to RPF. We would like to mention that, meanwhile all the affected trees have been cleaned by the landowners by their own initiative and without any compensation. Based on results of social screening it has confirmed that CPR structures will not be affected. WFS will not cause any negative livelihood impacts; even WFS will not affect any structures, Community properties or any assets.

We are expecting the following potential positive impacts may occur during WFS functioning such as;

- Individual women and girls are participated in the awareness and information session at the WFS and received information on different WFS services, referral and awareness on different issues including GBV, PSS and COVID-19 prevention messages. As per Information has been collected in November 2020 that, 36 awareness and 12 consultations has conducted and more than 250 women girls and adolescent was attended in the program, see attended picture in Annex-10.
- They received integrated service and expressed their satisfaction that came from the Client Satisfaction Survey.
- Women and girls took part in psycho social support activities. These activities provided opportunities for social networks, solidarity building among women and girls contributing to their safety, healing and restoring their dignity as well.
- Women and Girls received services for the first time from WFS. Like; COVID-19 related awareness session, Dignity Kit, Case management, PSS activities, referral service, WASH support and also for socializing/leisure. It will be changed their lives a lot.
- Women and adolescent will be reached through community mobilization. Especially focus on Persons with Disabilities (PWD) and their family members and activated women support group members as well.

- By awareness sessions for disabled women learnt about their abilities and felt confident. Raised awareness among themselves about the information and services as their needs and knew where they have to go for getting these services. Side by side a role was broadly discussed about caregivers as the PWD household members. After conducting sessions, the caregiver committed to extra care for the PWD and now they believe that PWD individuals can also contribute to the family as well as society.

Even though, we are anticipating and conscious about the possible impact may be occurred during construction of 3 WFS tin shed building and obviously take necessary steps as against the impact and will resolve public issues by working with the DRP camp and host community to address the potential impacts as such;

- Rapid changes in the price of necessary goods due to influxes workers. It also leads to abrupt changes to livelihood systems.
- Due to recruits' male workers from outside Rohingya people may face many new diseases. It may cause of some potential risk of GBV/ new diseases. LGED has assured the community that, the construction contractor shall be look after the matter and to take mitigation measures.
- Unexpected loss of social and cultural relationship between social groups may hamper

However, due to change of alignment or if any new impacts are identified, mitigation measures will be taken according to RPF and ESMF. No tribal people are identified during screening. No squatters will be affected by the project.

The social team has been felt that the process of on-going communication and public involvement ultimately aided in streamlining the process by dealing with issues before they became problems. Overall, the project impact will be positive.

6.2 Existing Scenario of Proposed WFS:

The project does not have any land acquisition or population displacement, as 1 (One) WFS will be operated in existing monthly rented houses and 4 WFS will be operated in open places which will be constructed by UNFPA. As WFS are being established within the DRP camp 4 (Four) no's and consulted by several meeting which are reflected in consultation out comes table-2. During screening, one open place found some trees other open places are vacant fallow land, no Common Properties or any other permanent assets will not be affected by the project. However, during implementation, if any impacts are identified, those will be addressed following the guidelines of EMCRRP RPF and ESMF. Scenarios of key findings are attached in Annex-1.

6.3 Users Opinion:

In view of consultation with the host and DRP camp communities it has revealed that, after establishment of these proposed WFS the Gender base violence will be decreased at servings and fulfill access related need's goal. Health facilities for women and adolescent will be increased and by awareness sessions for disabled women learnt about their abilities and felt confident and female and girls will get benefit for these WFS particularly for the pregnant mother(s) and serious patients. Because there are 2 doctors for 4 WFS and 1 midwife for each WFS, 5 Case workers for each WFS, 1 case Manager for 4 WFS and 8 Volunteer for each WFS are available in WFS within office hour.

6.4. Construction induced impact issues:

Since, 2 WFS is being implemented in Government Land and one WFS is being implemented in private Land, there is no land acquisition needed but when construction new semi pacca building some temporary vegetables plant shall be needed to cut off to implement these projects. However, during construction of WFS heavy vehicles for carrying construction materials may cause damage of road or assets. If any damages are reported, UNFPA will hold consultations with host community with contractors to take mitigation measures according to ESMF and RPF.

In addition, UNFPA has been suggested to construction contractors that to avoid damage of connecting roads, contractor shall be mobilized construction materials along strong paved road or highway then bring it at site by small motorize and non-motorize vehicles or using alternative.

6.5 Construction Yard and Requisition of land (if required):

The UNFPA has conducted necessary consultations with stakeholders regarding the construction yard. It has been confirmed that the contractor will use vacant government land as a construction yard during the construction of WFS tin shed building. In the event that the contractor needs additional land for the construction yard and no government land is available, land can be rented from the private landowners for a certain period. However, if UNFPA prefer to requisition the land, the following steps will be followed.

For requisition of land for temporary purposes, the Acquisition and Requisition of Immovable Property Act 2017 (ARIPA) is the principal legislation governing eminent domain land acquisition and requisition in Bangladesh. The Act requires compensation to be paid for: (i) vacating the requisitioned property (ii) reoccupying the property upon release from the requisition (iii) damaged, the cost to the property during the period of requisition including the expenses that may have to be incurred for restoring to the original condition.

Under the ARIPA 2017, The Deputy Commissioner (DC) determines the value of the requisitioned assets under section 22 (1) and 22 (2) with due consultation with the landowners. According to section 22 (6), requisition is allowed only for 2 years. If land is required more than 2 years, a new contract is required with the land owners with an agreed compensation rate. Under section 23, DC will pay the compensation to the land owners. If the land requisitioned has standing crops cultivated by a tenant (Market Price) under a legally constituted written agreement, the law requires that compensation money be paid in cash to the tenants as per the agreement. Under no circumstances, land requisition is not allowed due affecting residential and community properties. However, under section 20, requisition is only allowed for emergency road repairing. Any losses for structures, trees, and business will follow the provisions of ARIPA 2017.

However, land will not be required for constructor because there is available vacant land in the owner of rented open space.

6.6 Impact Mitigation Measures:

Apart from the land required for the WFS, more land is required for the WFS construction sites for establishing temporary facilities, such as contractor labor shed, materials stack yard and store etc. In such cases, the contractor can arrange land for temporary works from outside of the alignment. At the WFS sites where work will begin, UNFPA will make sure the land is free and available in consultation with the owners are adequately compensated in cases of private land being used, without subjecting them to undue influence or force.

In addition, the contractor will make sure construction area is clearly marked with signage as construction work underway. All signage shall be provided with good conditions with ease of movement and adequate

space.

7. Consultation

Consultation involves interaction with relevant stakeholders to inform them about the WFS projects. Involving stakeholders in the process will ensure that the opinions and concerns of various groups are taken into account to facilitate a smooth execution of projects.

Total 78 (Seventy-Eight) numbers participants were attended in the consultation meeting shown in table - 1. The social safeguard team of EMCPR has conducted a stakeholder consultation meeting at respecting area an active participation of DRP & Host communities was attended the consultation and provided valuable opinions/suggestions/feedbacks regarding the WFS implementation. DRP & Host participants list with date, summary of consultation/FGD outcomes are mentioned below table 1 & 2 and summary of consultation outcomes;

Table: 1: Summary of Consultation Meetings/FGDs participant's number

No.	Date	Main Participant Groups	No. of Participants		Total
			Male	Female	
1	27/03/2021 & 28/03/2021	Local Stakeholders (DRP) & Host	36	42	78
Total participants =			36	42	78

Summary of Consultation Outcomes

- Effective collaboration held on the consultation/ FGD meeting between the stakeholders and implementing agency regarding these proposed project implementations.
- Ensuring various stakeholders' participation, which will enhance their sense of belonging in the proposed sub-projects.
- Identifying unavoidable adverse impacts and ensure effective mitigation measures.
- Ensuring social conflicts and grievance management during construction of WFS semi pacca building.
- Following labor laws strictly, including recruitment of child labor, adequate code of conduct for all
- Labor, wages, avoiding discrimination between male and female workers etc.
- Ensuring equal wages for female labor including site security and facilities.
- Ensuring that GBV is not occurring at the work site. If happen then mitigation measure will be ensured under the guidance of UNFPA. Availability of first-aid boxes at the proposed projects site.
- Training for concern stakeholders regarding social safety & security, labor influx, among others.
- Avoiding and minimizing adverse social impacts for the proposed WFS.
- If trees are requiring to cut-off, compensation will be given to the owner of the tree/s according to the guidelines of RPF.

Table: 2: Attendance of Women Friendly Space (DRP) & Host Consultation as follows

Sl. #	Name of Women Friendly Space	Date of Meetings	Meeting Places	Number of Participants				Total	Issues Discussed	Replied by LGED
				Host		DRP				
				Male	Female	Male	Female			
1	Camp 16, Block-D3, Women Friendly Space (WFS), Ukhiya	27/03/2021	In front of Mr. Abul Baser Shop, Block D2, Camp 16 & House of Sona Miah, Block D2, Camp 16	2	-	11	11	24	The following issues were discussed during the consultation meeting with DRP Camp stakeholder; 1. Who will implement the WFS? 2. Activities of the WFS? 3. Are there any Doctor? 4. Who will coordinate with construction work? 5. Will ensure Safety issues within construction area? 6. Asked about GBV or other harassments.	UNFPA is overall responsible for the project implementation, through their local partner Mukti Cox's Bazar. Mukti Cox's Bazar is overall responsible for the rented houses and construction of structures in open places. Providing psychosocial support to GBV and Non GBV survivor's women and girls. Case management of GBV survivors. Provide Referral Services to the GBV and Non GBV survivors women. Awareness Information Session in WFS. Awareness Information Session at outreach. Recreational activities for women and adolescents' girls. Develop and Disseminate IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc. Form and functioning Women Support Group (WSG). Community Watch Group formation and functioning (CWG). Awareness raising session to reach women and girls with disabilities, distribution of Dignity Kits to the women and girls of reproductive age Coordination meeting with other service providers for strengthening referral pathway for
2	Camp 18, Block-AH-59, Women Friendly Space (WFS), Ukhiya	27/03/2021	House of Md. Kawsar Abdul Ali, Camp 18, Block AH-59 & In front of Md. Salim's Shop, Camp 18, Block AH-59	-	-	13	12	25

Health and safety training shall ensure to the labors during construction for safety and ensured satisfactory mitigation measures as against any adverse impact. GBV training at the work sites will be ensured before the start of construction work to Prevent GBV. Contractor need to engage local labor as well Rohingya labor (male and Female) priority during their construction work. Contractor shall make sure the temporary barricade surrounding construction areas for traffic movement as well as safety measurement maintain stickily.
Total participants =				2	0	34	42	78	

8. Positive impacts by the WFS:

The proposed services implementation will contribute to better socio-economic conditions and will have positive impacts on the quality of life of the DRP and local community women and girls. The social opportunities that will contribute positive impacts are given below;

- Psychosocial support to GBV survivors and other women and girls will be ensured.
- Case management of GBV survivors for women and girls
- Referral Services will be provided to the -GBV survivors and other women who need the services.
- Women and girls will get awareness Information Session in the WFS.
- Socially and culturally accepted recreational activities for women and adolescents' girls will be provided.
- Awareness building through IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc.) among the participants.
- Women Support Group (WSG) will be formed.

- Formation of Community watch group and make them functional Awareness raising session to reach women and girls with disabilities.
- Distribution of Dignity Kits to the women and girls of re-productive age. Coordination meeting with other service providers for strengthening referral pathway for ensuring GBV services and sexual and reproductive health and rights services (SRHR).
- COVID-19 awareness session including COVID-19 Kit will be provided

9. Social Management Plan (SMP):

Based on public consultation, a Social Management Plan identifies the mitigation and management activities that need to be in place in order to eliminate the marginal social impacts or to reduce them to an acceptable level and the process will be continued subsequently. Site-specific mitigation plans are given below;

Potential Social impacts/ Issues	Proposed Mitigation Measures	Project stage	Institutional responsibility	Supervision Responsibility
Loss of land / and other physical assets	<ul style="list-style-type: none"> • No land acquisition will be required as WFS is being established rented houses inside and outside of the camp. • We expecting no grievances will be found from the neighboring in the project sites. If found grievance from the site, UNFPA will consult on emergency basis in order to solve the problems in consultation with CIC and host community. 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Loss of Trees	<ul style="list-style-type: none"> • Cash compensation will ensure and will incur in BOQ for fruits bearing trees based on annual net product market multiplied by productive years. • Cash compensation equivalent to prevailing market price of timber for non-fruit trees. 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Stakeholders Engagement	<ul style="list-style-type: none"> • All the project stakeholders will be consulted. • All the safeguard documents will be disclosed to all the relevant stakeholders before the start construction works. • Consultation meeting with host and Rohingya male and female about the project objectives and scope of works. 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC

Loss of right to access induced impacts.	<ul style="list-style-type: none"> • In case of unavoidable circumstances, alternative access will be provided. • Mitigation measures will be taken at the satisfactory level after discussion with host community and DRP camp management. 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Site Selection & implementing interventions: Human-elephant conflict	<ul style="list-style-type: none"> • Selection of sub-project sites and all implementing interventions must take place outside of the elephant corridor/influence area. • Elephant Human conflict need to be avoided. • A consultation will be made with CIC during site selection in side Camp. 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Site Preparation: Soil Erosion; Alteration of natural drainage	<ul style="list-style-type: none"> • Construction facilities including material are to be placed at least 30 meters away from any water body in order to minimize impacts on water bodies and natural flow paths. • Any disruption of socially sensitive areas with regard to human habitation and areas of cultural significance will be avoided. • The contractor shall ensure that site preparation activities do not lead to disruption of activities of the local residents 	Pre-Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC

Safety Issues	<ul style="list-style-type: none"> An unauthorized person entry to the proposed site shall be restricted and proper storage and control of hazardous materials on Construction stage UNFPA Chief Executive Officer, Mukti Cox's 11 site ensured. Health and safety training should be ensured to the Rohingya labors. All the camp labors to bear ID cards. Child labors are not allowed for any form of activities. Site(s) shall be secured by fencing and by fencing and ridge (if needed). Ensuring that clear safety policies and procedures are in place and strictly enforced is essential, as is regular inspection and maintenance of all workplace equipment. To be ensured immediately testing for COVID-19 affected labor even ensures testing for everybody working together and urgently consult with health experts. Contractor will take necessary measures with prior consent of Mukti Cox's Bazar. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Quality construction work of the WFS	<ul style="list-style-type: none"> Respected community deserving quality construction works as per design. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Safety during construction of the WFS	<ul style="list-style-type: none"> Awareness building program will be taken on social safety matters through providing training from the project before commencement. At the same time, compliance will be ensured by the contractors. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Drinking water and sanitation facility for male	<ul style="list-style-type: none"> Construction hosts shall have adequate drinking water facility by ensuring water filter, water sealed 	Construction stage	UNFPA	Chief Executive Officer,

and female workers	latrines, urinals and appropriate bathing facilities.			Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Noise from construction works	<ul style="list-style-type: none"> Construction activity shall be restricted to daytime as far as possible to avoid noise and sound pollution. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Followed PPE	<ul style="list-style-type: none"> Wherever required, personal protective equipment (PPE) such as ear plugs, earmuffs, helmets, etc. will be provided by the contractor to the persons working in high-risk areas. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
Labour Base Host: Conflicts with the local residents	<ul style="list-style-type: none"> An alternate arrangement for fuel Construction UNFPA Chief 12 Conflicts with the local resident's wood, heating and cooking should be arranged for the labors at labor camp. Awareness building about nutrition, disaster risk resilience or mitigation, adoption of clean energy for cooking; and prevention of child abuse, child marriage, GBV, sexual harassment, trafficking of women and children as well as illegal drug trade. Work force should be prohibited from disturbing the flora, fauna including hunting of animals, wildlife hunting, poaching and tree felling. Treated water will be made available at site for labour drinking purpose. Adequate accommodation arrangements for labour and code of conduct to be disclosed through consultation and FGD. 	Construction stage	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC

Health & Safety Risks	<ul style="list-style-type: none"> • The potential for exposure to safety events such as tripping, working at height activities, fire from hot works, smoking, failure in electrical installation, mobile plant and vehicles, and electrical shocks. • Exposure to health events during construction activities such as manual handling and musculoskeletal disorders, handram vibration, temporary or permanent hearing loss, heat stress, and dermatitis. • The risk assessment shall be prepared and communicated prior to the commencement of work for all types of work activities on site. • Carry out fire risk assessment for the construction areas, identify sources of fuel and ignition and establish general fire precautions including, means of escape, warning, and fighting fire. • Set up a system to alert workers on site. This may be temporary or permanent mains operated fire alarm. • Fire extinguishers will be located at identified fire points around the site. The extinguishers shall be appropriate to the nature of the potential fire. • Establish and communicate emergency response plan (ERP) with all parties, the ERP to consider such things as specific foreseeable emergency situations, organizational roles and authorities, responsibilities and expertise, emergency response and evacuation procedure, in addition to training for personnel and drills to test the plan. • Electrical equipment must be safe and properly maintained; works shall not be carried out on live systems. • Only competent authorized persons shall carry out maintenance on electrical equipment, adequate personal. 	Construction phase	UNFPA	Chief Executive Officer, Mukti, Cox's Bazar & WPE (Women Protection & Empowerment) Manager, IRC
-----------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------	-------	-------------------------------------------------------------------------------------------------

	<ul style="list-style-type: none"> • Electrical equipment must be safe and properly maintained; works shall not be carried out on live systems. • Only competent authorized persons shall carry out maintenance on electrical equipment, adequate personal. • Protective Equipment (PPE) for electrical works must be provided to all personnel involved in the tasks. • An adequate number of staff and first aiders shall be on site in accordance with Bangladesh Labor Law requirements. • First aid kit with adhesive bandages, antibiotic ointment, antiseptic wipes, aspirin, non-latex gloves, scissors, thermometer, etc. shall be made available by the contractor on site. • Emergency evacuation response shall be prepared by the contractor and relevant staff shall be trained through mock-up drills. • Ensure all equipment is suitable for jobs (safety, size, power, efficiency, ergonomics, cost, user acceptability etc.), provide the lowest vibration tools that are suitable and can do the works. • Ensure all tools and other work equipment are serviced and maintained in accordance with maintenance schedules and manufacturer's instructions. • Regular noise exposure assessments and noise level surveys of noisy areas, processes and equipment shall be carried out in order to form the basis for remedial actions when necessary. • Awareness training sessions will be established and provided to all personnel involved during the construction phase in order to highlight the heat related illnesses of working in hot conditions such as heat cramps, heat exhaustion, heat stroke, dehydration.

They will be given thorough training in how to protect themselves and there will be effective supervision to ensure that the correct methods are being using. • Based on ESMF construction, contractor will deploy Social Safeguard officer to ensure safety measures. 			
The sub-projects are expected to be sustainable	<ul style="list-style-type: none"> • The safeguard issues and maintenance of the WFS will be taken care of by the concerned Union Parishad and Upazila Parishad for sustainability. 	Operation & Maintenance	Union council and Upazila Parishad	LGED and Local Governance institution
Health & safety risks to workers & Local community/ DRPs <ul style="list-style-type: none"> • Pollution from waste materials • Health & Safety risks to workers and local community/ DRPs 	<ul style="list-style-type: none"> • The main mitigation and monitoring measures to minimize or reduce the environmental and social impacts during decommissioning are anticipated to be similar to those identified for the construction phase. 	Decommissioning during the project implementation period (including site clearance after the construction)	PIU, Contractor, D & SC	LGED and Upazilla Parishad

10. Recommendations:

Disclosure of all relevant project information during consultation processes with concerned DRP camp and host community absolutely crucial. The involvement of relevant stakeholders in the WFS implementation process will help to build a sense of belonging within the DRP camp. Furthermore, establishing and maintaining an effective Grievance Redress Mechanism (GRM) would enable any affected parties to present their issues and gain equitable solutions to their problems by impartial hearing.

Issues of social safety are important during the construction period of 4 WFS making. Before starting construction work, the stakeholders to be engaged for the construction of WFS will undergo a short orientation course (to be organized by the contractor) on necessary awareness, motivation and compliance of their assigned responsibilities properly.

11. Conclusions:

In conclusion, it can be clearly determined that the WFS will generate tremendous positive impacts for the host community and DRP camp, even peoples of the respected areas will get easy health services in improved environment. Particularly, will ensure the survivors centered approach to offer comprehensive GBV case management services, integrated SRH-GBV services, GBV prevention activities, PSS group activities, individual PSS support, MHPSS support for GBV survivors and women and girls at risk. Adolescent specific curriculum will be implemented to build life skill of the adolescent girls. GBV prevention messages, activities, lifesaving information, referral services to other service points for GBV and NON GBV survivors, structured skill development programmed for women and girls through women lead community centers, social mobilization activities through SASA methodology will be ensured in 4 locations of host and DRP settings. GBV response program will be ensured through establish the women friendly spaces for the peoples of catchment area without any interruption. All these factors will bring an incremental value in their lifestyle and other social aspects for the female and adolescents. Therefore, implementations of the proposed sub-projects are safe and highly recommended.

Section A: Sub-Project Overview

Description of sub-project/component interventions:

Proposed Women Friendly Space (WFS) is situated within the catchment area of Camp 16, Block-D3, Village-Moddha Rohamoter Bill, union- Palongkhali, ward-05, Post office-Balukhali 4750 of Ukhiya Upazila under Cox's Bazar District. The location is an open space which is currently used as seasonal vegetable garden. The location is an open space having a lot of settlements around. On behalf of Mukti Cox's Bazar, Mr. Bimal Chandra De Sarkar, Chief Executive officer, Sarda Bhaban, Goal Dighirpar, Cox's Bazar has rented the land of WFS from Mr. Abdur Razzak, Father - Late Mr. Emdadul Haque, Village-Moddha Rohamoter Bill, Post-Balukhali 4750, Union -Palongkhali, Thana- Ukhiya, District-Cox's Bazar from 1st June 2021 to 31st December 2022. This rental agreement can be extended as required. This targeted Women Friendly Space (WFS) is inside DRP camp boundary. The Sub-Project is categorized as single stored building with tin roof.

Details of the proposed Women Friendly Space (WFS) structure are given below:

SL #	WFS Facilities	Number	Length	Wide	Space (sq. ft.)
1	(a) Meeting room	2	24'-7"	16'-0"	786.56
	(b) Counseling room	1	11'-7"	9'-10"	113.83
	(c) Mid wife room	1	11'-7"	9'-7"	110.93
	(d) Office room	1	11'-7"	9'-10"	113.83
	(e) Corridor	1	63'-0"	5'-0"	315
2	Store room	1	12'-0"	7'-0"	84
3	Guard room	1	7'-0"	5'-0"	35
4	Generator room	1	7'-0"	6'-0"	42
5	PSS activities room	1	12'-0"	10'-0"	120
6	Latrine	2	5'-0"	5'-0"	50
7	Bath room	2	5'-0"	5'-0"	50
Total Space of Women Friendly Space (WFS) =					1821.15

The total area needed for these facilities is 1821.15 square feet. Moreover, the compound will be fenced with boundary made from wood and bamboo. At present proposed land of WFS is open space. Some cultural, archaeological, religious sites near (within 1km) of site are at north side Paddy land (5m), DRP Settlements at camp-5 (25m), Learning center (20m), Mosque (200m), DPHE water distribution Hub (150m), at south side of U-drain (5m), DRP Settlements (10m), Mosque 3 (three) Nos. (200-500m), at east side of DRP Shop (10m), Mosque-E-Solaiman (15m), Brac School (12m), Tube well (15m), Solar Post (18m), DRP Settlements (20m), Madrasa (400m), ICNA Relief Center (20m), at the west site of vegetables land (5m), BRAC School (15m), Dhaka Ahasania Mission Learning center (30m), DRP settlements (30m), Mosque (50m). No scope to disturbance by this WFS which bring religious and cultural values to the community people. The people of the area will directly benefit from the implementation of the WFS which will contribute to the national development.

Sub-project Location:

Proposed Camp 16, Block-D3 Women Friendly Space (WFS) is categorized as a Rohingya Camp based WFS. The WFS area is situated in Palongkhali Union, Village- Moddha Rohamoter Bill, Ward-5, Post-Balukhali 4750 under Ukhiya Upazila of Cox's Bazar district. The sub-project area is located at 21.155915° N and 92.146371° E. The distance from the Upazila headquarter is near about 17.00 km.

Important Features of Women Friendly Space (WFS) Location	
District	Cox's Bazar
Upazila	Ukhiya
Union	Palongkhali
Village	Moddha Rohamoter Bill
WARD	05
Post	Balukhali 4750
Land Area Space (Rented)	4000 sq. feet
Proposed WFS Structure Space	1821.15 sq. feet
Distance from Upazila Head quarter	17 Km
Camp 16, Block-D3 Women Friendly Space (WFS)	Latitude Value: 21.155915° N Longitude Value: 92.146371° E
Land ownership	Private Land (Rented)

Expected construction period: 270 (Two hundred seventy) working days.

Description of project intervention area and project influence area with schematic diagram (where relevant, indicate distance to sensitive environmental areas such as elephant corridors, water bodies, etc. and historical or cultural assets): Please also explain any analysis on alternative location was conducted:

Answer: The proposed Camp 16, Block-D3 Women Friendly Space (WFS) have no located historical sites were found. There are not required to relocate local community. There are many socio-cultural assets in this proposed area but that will not be affected by the construction work. In consultation meeting it has revealed that no Elephants corridors there and no elephant has been found last few years in the proposed sub-project area. The proposed sub-project was finalized through effective consultation of DRP, local community, Local Government Representatives and Concerned LGED & Mukti Cox's Bazar officials.

Section B: Social Screening

Key Screening questions	Aspects to Consider
Will the project potentially involve an influx of workers to the project location, and will the influx be considered significant for the local community?	<p>✓ How many foreign and local workers will be needed for the remaining period of the WFS, with what skill set?</p> <p>Answer: There are available skilled and unskilled work forces in the WFS location. No foreign workers will be needed for the remaining of the project. If implementation authority has need then some skilled workforces may be hired from the outside. In construction work approximately 20 skilled and unskilled workforces are expected to be required for the construction work. Among them 05 will be skilled and 15 will be unskilled workforces.</p> <p>✓ Can the project hire workers from the local workforce?</p> <p>Answer: Definitely, all the unskilled labors will be engaged from DRP communities. Skilled labors will be hired from either locality or from the other place of Bangladesh.</p> <p>✓ What is the size and skill level of the existing local workforce?</p> <p>Answer: Based on consultation with local stakeholders, most of the workforces are available in the locality. If contractors need to hire some</p>

	<p>skilled workers from outside to the project area for implementing work as per contractors need.</p> <p>✓ If the skill level of the local workforce does not match the needs of the project, can they be trained within a reasonable timeframe to meet project requirements?</p> <p>Answer: Unskilled labor is available and some skilled in this area; So, If the skill level of the local workforce does not match the need of the WFS Construction, they can serve the purpose of skill labor as conducting skill training by the implementation authority within the time frame.</p> <p>✓ How will the workers be accommodated? Will they commute or reside on site or outside of the camp? If so, what size of camp will be required?</p> <p>Answer: Don't worry about for the local workers and their accommodation. Because an unskilled labor will be hired from DRP who are residing within the camp. The skilled labors are being accommodated on site of DRP camp by the implementation authority. Around 600 sq feet sized labor shed for 5 skilled labor.</p>
Is the WFS located in a rural or remote area?	<p>✓ What is the size of local population in the catchment area?</p> <p>Answer: The sizes of Host (Local) population in the catchment area are near about 115. Approximately total household are near about 22.</p> <p>✓ What is the size of the host Rohingya community in the catchment area?</p> <p>Answer: Camp 6 population are near about 20981. Approximately total household are 4512.</p> <p>WFS Catchment area targeted population are near about 6500. Approximately total household are 1240.</p> <p>✓ Is the project located / being carried out in an area that is not usually frequented by outsiders?</p> <p>Answer: Yes, local people are not allowed to visit camp without the permission of CIC.</p> <p>✓ What is the frequency and extent of contact between the local community and outsiders?</p> <p>Answer: From the observation, the frequency and extent of contact between the local community and outsiders Around 100 peoples use this WFS daily.</p> <p>✓ Are there sensitive environmental conditions that need to be considered?</p> <p>Answer: There are no sensitive environmental conditions in this area.</p>
Based on the socioeconomic, cultural, religious and demographic qualities of the local community, Rohingya population and the incoming workers, is there a possibility that their presence or interaction with the local community could create adverse impacts?	<p>✓ Is it likely that the incoming workers and the local community come from a shared socio-economic, cultural, religious or demographic background?</p> <p>Answer: No.</p> <p>✓ What is the level of existing resources, and will the incoming workers use or create competition for these resources?</p> <p>Answer: Incoming workers are very low in numbers, so there will be no competition in using of resources.</p> <p>✓ What is the expected duration of the incoming workers' presence in the community?</p> <p>Answer: The expected duration of the incoming workers duration is about 30 working days but it may be extended.</p> <p>✓ Given the characteristics of the local community, are there any specific adverse impacts that may be anticipated?</p> <p>Answer: No. Project will benefit the DRP.</p>

Consultation with Community People	<p>✓ Has the WFS authority and implementation authority conducted any consultation meetings with the community people and Rohingya population?</p> <p>Answer: The WFS authority and implementation authority conducted consultation several times with local community where their opinions have received with great honor. The implementing authority will conduct consultation meetings with the community people after finalization of contract.</p> <p>✓ Are local people aware about the labors?</p> <p>Answer: Yes. Local people are very much aware of local labors but they do not have any idea about outside labor forces.</p> <p>✓ Has the implementation authority involved the local community with the project?</p> <p>Answer: Yes, local communities are closely involved with this WFS. Several consultation meeting and informal interaction with local community have been conducted effectively.</p>
------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Section B.2. WFS acquisition and stakeholder screening

Probable Involuntary Resettlement Effects	Yes	No	Not Known	Remarks
Involuntary Acquisition of Land/ Land Donation/ Land Taking				
1. Will there be any land acquisition?		✓		No land acquisition will be required to Proposed WFS.
2. Is the site for land taking known?	✓			The land is selected with the recommendation of CIC and other project and construction concerned person and agencies.
3. Is the ownership status and current usage of land to be required temporary known?	✓			Land ownership is Private (Rented).
4. Will easement be utilized within an existing Right of Way (ROW)?	✓			In the camp area Provision is available be utilized within an existing Right of Way (ROW) within camp and WFS area.
5. Will there be loss of shelter and residential land due to land acquisition?		✓		N/A, no additional land will be required.
6. Will there be loss of agricultural and other productive assets due to land acquisition?		✓		No question of land acquisition. So, agricultural and other productive assets will not be damaged or lost by the construction of WFS.
7. Will there be losses of crops, trees, and fixed assets due to land acquisition?		✓		No standing crops, trees and fixed assets will be lost due to avoiding and minimize land acquisition.
8. Will there be loss of businesses or enterprises due to land acquisition?		✓		Land ownership is Private (Rented).
9. Will there be loss of income sources and means of livelihoods due to land acquisition?		✓		It is clearly revealed that income sources and means of livelihoods will not be hampered or lost by the activities of WFS.
Involuntary restrictions on land use or on access to legally designated parks and protected areas				
10. Will people lose access to natural resources, communal facilities and services?		✓		People access to communal facilities and services will not be hampered by the activities of WFS.
11. If land use is changed, will it have an adverse impact on social and economic		✓		No scope to change site location.

activities?				
12. Will access to land and resources owned communally or by the state be restricted?	√			DRP camp & host community is demarked, restriction by the CIC, concern authority.
Information on Displaced Persons:				
Any estimate of the likely number of persons that will be displaced by the Project? [√] No [] Yes If yes, approximately how many? N/A				
Are any of them poor, female-heads of households, or vulnerable to poverty risks? [√] No [] Yes				
Are any displaced persons from indigenous or ethnic minority groups? [√] No [] Yes				
During Screening, project authority will conduct consultation with the primary and secondary stakeholders and provide their observations in the following sections (13 to 18)				
<p>13: Who are the stakeholders of the project?</p> <p>Answer:</p> <p>The key stakeholders from safeguards point of view include:</p> <p>Main stakeholders are DRP, host communities, Labors and</p> <ul style="list-style-type: none"> - Implementing agencies and their field staffs - People/communities directly affected by project activities - People/communities/organizations within the project influence area indirectly affected by project activities - Government departments/agencies -Development Partners - Local and international NGOs working with local host communities/DRP 				
<p>14: What social and cultural factors affect the ability of stakeholders to participate or benefit from the proposed policy or project?</p> <p>Answer: No such social and cultural factors, incidence exists to implement such development project in DRP camp areas that effect on the ability of stakeholders to participate or benefit from the proposed policy or project.</p>				
<p>15: Are project objectives consistent with their needs, interests and capacity?</p> <p>Answer: Yes, the project objective is very much positive consistent with stakeholders needs interests identified by the community consultation and FGD.</p>				
<p>16: What will be the impact of the project or sub-project on the various stakeholders, especially women and vulnerable groups?</p> <p>Answer: As a result of construction of WFS, the various stakeholders especially women and vulnerable groups will get easy access to Save the lives and Dignity of the women and girls from Rohingya communities and host community as well.</p>				
<p>17: What social risks might affect project or sub-project success?</p> <p>Answer: As per the visit findings and consultation meeting with DRP community and other organizations representatives of in the scheme area, it has been revealed and perceived that the following some social risks might be affected sub-project success;</p> <ul style="list-style-type: none"> • Incoming labors may engage with anti-social activities which can challenge the values system of the society. • Noise and sound pollution may be generated in the locality. It also can hamper the study of the children as well as old ages during the construction period. • During the construction work, any kind of accident may occur. 				
<p>18: Has the project authority or any other organizations conducted any consultations with the affected community or people? If yes. Please provide a summary.</p> <p>Answer: The project authority has been conducted several consultations with the potential DRP community and Host people. During site selection UNFPA & Mukti, Cox's Bazar have been conducted several meetings with CIC officials, Site Management, service providers, DRP Community, local Union parishad representatives, and local governance representatives regarding the construction of WFS. During the screening, the consultant of Design and supervision consultant and PIU consultant of LGED also organized the consultation meetings and informed them about project objectives and other safeguard related issues. They also provided their feedback which are given below;</p>				

01. The FGD results confirmed that decision of WFS construction will increase the sense of security of the communities.
02. Providing psychosocial support to GBV and Non GBV survivors women and girls
03. Case management of GBV survivors
04. Provide Referral Services to the GBV and Non-GBV survivors women
05. Awareness Information Session in WFS
06. Awareness Information Session at outreach
07. Recreational activities for women and adolescents' girls
08. Develop and Disseminate IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc.)
09. Form and functioning Women Support Group (WSG)
10. Community Watch Group formation and functioning (CWG)
11. Awareness raising session to reach women and girls with disabilities.
12. Distribution of Dignity Kits to the women and girls of re-productive age, Coordination meeting with other service providers for strengthening referral pathway for ensuring GBV and SRHR (Sexual & Reproductive Health & Rights) services.
13. COVID-19 awareness session & COVID-19 Kit distribution.

Section A: Sub-Project Overview

Description of sub-project/component interventions:

Proposed Women Friendly Space (WFS) is situated within the catchment area of Camp 18, Block-AH-59, union-Palongkhali, ward-09, Post office-Balukhali 4750 of Ukhiya Upazila under Cox's Bazar District. Proposed WFS land is own by Government. The location is an open space which is currently used as children play ground. This targeted Women Friendly Space (WFS) is inside DRP camp boundary. The location is just on the toe of a hilly location but on the inclined surface. The Sub-Project is categorized as single stored building with tin roof.

Details of the proposed Women Friendly Space (WFS) structure are given below:

SL #	WFS Facilities	Number	Length	Wide	Space (sq. ft.)
1	(a) Meeting room	2	24'-7"	16'-0"	786.56
	(b) Counseling room	1	11'-7"	9'-10"	113.83
	(c) Mid wife room	1	11'-7"	9'-7"	110.93
	(d) Office room	1	11'-7"	9'-10"	113.83
	(e) Corridor	1	63'-0"	5'-0"	315
2	Store room	1	12'-0"	7'-0"	84
3	Guard room	1	7'-0"	5'-0"	35
4	Generator room	1	7'-0"	6'-0"	42
5	PSS activities room	1	12'-0"	10'-0"	120
6	Latrine	2	5'-0"	5'-0"	50
7	Bath room	2	5'-0"	5'-0"	50
Total Space of Women Friendly Space (WFS) =					1821.15

The total area needed for these facilities is 1821.15 square feet. Moreover, the compound will be fenced with boundary made from wood and bamboo. At present proposed land of WFS is open space. Some cultural, archaeological, religious sites near (within 1km) of site are at north side of Toilet (10m), DRP settlements (5m), Mobile Tower (100m), MSF Hospital (500m), at south side of DRP settlement on Hill (20m), CIC office (200m), Tazewell (5m), Camp Bazar (300m), Mosque (250m), Madrasah (350m), DAM Learning Center (400m), Graveyard (450m), at east side of Army Road (8m), DRP settlements (30m), Camp 8W & Mosque (200m), Graveyard (350m), at the west site of DRP settlements (30m), Mosque & Hefzokhana (120m), Mosque (150m), Tubewell (150m). No scope to disturbance by this WFS which bring religious and cultural values to the community people. The people of the area will directly benefit from the implementation of the WFS which will contribute to the national development.

Sub-project Location:

Proposed Camp 18, Block-AH-59 Women Friendly Space (WFS) is categorized as a Rohingya Camp based WFS. The WFS area is situated in Palongkhali union, ward-09, Post office-Balukhali 4750 under Ukhiya Upazila of Cox's Bazar district. The sub-project area is located at 21.193536° N and 92.148482° E. The distance from the Upazila headquarter is near about 10.00 km.

Important Features of Women Friendly Space (WFS) Location	
District	Cox's Bazar
Upazila	Ukhiya
Union	Palongkhali
WARD	09
Post	Balukhali 4750

Distance from Upazila Head quarter	10 Km
Camp 18, Block-AH-59 Women Friendly Space (WFS)	Latitude Value: 21.193536° N Longitude Value: 92.148482° E
Land ownership	Government

Expected construction period: 270 (Two hundred seventy) working days.

Description of project intervention area and project influence area with schematic diagram (where relevant, indicate distance to sensitive environmental areas such as elephant corridors, water bodies, etc. and historical or cultural assets): Please also explain any analysis on alternative location was conducted:

Answer: The Proposed Camp 18, Block-AH-59 Women Friendly Space (WFS) have no located historical sites were found. There are not required to relocate local community. There are many socio-cultural assets in this proposed area but that will not be affected by the construction work. In consultation meeting it has revealed that no Elephants corridors there and no elephant has been found last few years in the proposed sub-project area. The proposed sub-project was finalized through effective consultation of DRP, local community, Local Government Representatives and Concerned LGED & Mukti Cox's Bazar officials.

Section B: Social Screening

Key Screening questions	Aspects to Consider
Will the project potentially involve an influx of workers to the project location, and will the influx be considered significant for the local community?	<p>✓ How many foreign and local workers will be needed for the remaining period of the WFS, with what skill set?</p> <p>Answer: There are available skilled and unskilled work forces in the WFS location. No foreign workers will be needed for the remaining of the project. If implementation authority has need then some skilled workforces may be hired from the outside. In construction work approximately 20 skilled and unskilled workforces are expected to be required for the construction work. Among them 05 will be skilled and 15 will be unskilled workforces.</p> <p>✓ Can the project hire workers from the local workforce?</p> <p>Answer: Definitely, all the unskilled labors will be engaged from DRP communities. Skilled labors will be hired from either locality or from the other place of Bangladesh.</p> <p>✓ What is the size and skill level of the existing local workforce?</p> <p>Answer: Based on consultation with local stakeholders, most of the workforces are available in the locality. If contractors need to hire some skilled workers from outside to the project area for implementing work as per contractors need.</p>

	<p>✓ If the skill level of the local workforce does not match the needs of the project, can they be trained within a reasonable timeframe to meet project requirements?</p> <p>Answer: Unskilled labor is available and some skilled in this area; So, If the skill level of the local workforce does not match the need of the WFS Construction, they can serve the purpose of skill labor as conducting skill training by the implementation authority within the time frame.</p> <p>✓ How will the workers be accommodated? Will they commute or reside on site or outside of the camp? If so, what size of camp will be required?</p> <p>Answer: Don't worry about for the local workers and their accommodation. Because an unskilled labor will be hired from DRP who are residing within the camp. The skilled labors are being accommodated on site of DRP camp by the implementation authority. Around 600 sq feet sized labor shed for 5 skilled labor.</p>
Is the WFS located in a rural or remote area?	<p>✓ What is the size of local population in the catchment area?</p> <p>Answer: There is no local population in the catchment area.</p> <p>✓ What is the size of the host Rohingya community in the catchment area?</p> <p>Answer: Camp 18 population are near about 27189. Approximately total household are 6114.</p> <p>WFS Catchment area targeted population are near about 6500. Approximately total household are 1240.</p> <p>✓ Is the project located / being carried out in an area that is not usually frequented by outsiders?</p> <p>Answer: Yes, local people are not allowed to visit camp without the permission of CIC.</p> <p>✓ What is the frequency and extent of contact between the local community and outsiders?</p> <p>Answer: From the observation, the frequency and extent of contact between the local community and outsiders Around 100 peoples use this WFS daily.</p> <p>✓ Are there sensitive environmental conditions that need to be considered?</p> <p>Answer: There are no sensitive environmental conditions in this area.</p>
Based on the socioeconomic, cultural, religious and demographic qualities of the local community, Rohingya population and the incoming workers, is there a possibility that their presence or interaction with the local community could create adverse impacts?	<p>✓ Is it likely that the incoming workers and the local community come from a shared socio-economic, cultural, religious or demographic background?</p> <p>Answer: No.</p> <p>✓ What is the level of existing resources, and will the incoming workers use or create competition for these resources?</p> <p>Answer: Incoming workers are very low in numbers, so there will be no competition in using of resources.</p> <p>✓ What is the expected duration of the incoming workers' presence in the community?</p> <p>Answer: The expected duration of the incoming workers duration is about 30 working days but it may be extended.</p> <p>✓ Given the characteristics of the local community, are there any specific adverse impacts that may be anticipated?</p> <p>Answer: No. Project will benefit the DRP.</p>
Consultation with Community People	<p>✓ Has the WFS authority and implementation authority conducted any consultation meetings with the community people and Rohingya population?</p>

	<p>Answer: The WFS authority and implementation authority conducted consultation several times with local community where their opinions have received with great honor. The implementing authority will conduct consultation meetings with the community people after finalization of contract.</p> <p>✓ Are local people aware about the labors?</p> <p>Answer: Yes. Local people are very much aware of local labors but they do not have any idea about outside labor forces.</p> <p>✓ Has the implementation authority involved the local community with the project?</p> <p>Answer: Yes, local communities are closely involved with this WFS. Several consultation meeting and informal interaction with local community have been conducted effectively.</p>

Section B.2. WFS acquisition and stakeholder screening

Probable Effects	Involuntary	Resettlement	Yes	No	Not Known	Remarks
Involuntary Acquisition of Land/ Land Donation/ Land Taking						
1. Will there be any land acquisition?			✓			No land acquisition will be required to Proposed WFS.
2. Is the site for land taking known?	✓					The land is selected with the recommendation of CIC and other project and construction concerned person and agencies.
3. Is the ownership status and current usage of land to be required temporary known?	✓					Land ownership is Government.
4. Will easement be utilized within an existing Right of Way (ROW)?	✓					In the camp area Provision is available be utilized within an existing Right of Way (ROW) within camp and WFS area.
5. Will there be loss of shelter and residential land due to land acquisition?			✓			N/A, no additional land will be required.
6. Will there be loss of agricultural and other productive assets due to land acquisition?			✓			No question of land acquisition. So, agricultural and other productive assets will not be damaged or lost by the construction of WFS.
7. Will there be losses of crops, trees, and fixed assets due to land acquisition?			✓			No standing crops, trees and fixed assets will be lost due to avoiding and minimize land acquisition.
8. Will there be loss of businesses or enterprises due to land acquisition?			✓			Land ownership is Government.
9. Will there be loss of income sources and means of livelihoods due to land acquisition?			✓			It is clearly revealed that income sources and means of livelihoods will not be hampered or lost by the activities of WFS.
Involuntary restrictions on land use or on access to legally designated parks and protected areas						
10. Will people lose access to natural resources, communal facilities and services?			✓			People access to communal facilities and services will not be hampered by the activities of WFS.
11. If land use is changed, will it have an adverse impact on social and economic activities?			✓			No scope to change site location.
12. Will access to land and resources	✓					DRP camp & host community is demarked,

owned communally or by the state be restricted?				restriction by the CIC, concern authority.
Information on Displaced Persons:				
Any estimate of the likely number of persons that will be displaced by the Project? <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes If yes, approximately how many? N/A				
Are any of them poor, female-heads of households, or vulnerable to poverty risks? <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes				
Are any displaced persons from indigenous or ethnic minority groups? <input checked="" type="checkbox"/> No <input type="checkbox"/> Yes				
During Screening, project authority will conduct consultation with the primary and secondary stakeholders and provide their observations in the following sections (13 to 18)				
13: Who are the stakeholders of the project? Answer: The key stakeholders from safeguards point of view include: Main stakeholders are DRP, host communities, Labors and - Implementing agencies and their field staffs - People/communities directly affected by project activities - People/communities/organizations within the project influence area indirectly affected by project activities - Government departments/agencies - Development Partners - Local and international NGOs working with local host communities/DRP				
14: What social and cultural factors affect the ability of stakeholders to participate or benefit from the proposed policy or project? Answer: No such social and cultural factors, incidence exists to implement such development project in DRP camp areas that effect on the ability of stakeholders to participate or benefit from the proposed policy or project.				
15: Are project objectives consistent with their needs, interests and capacity? Answer: Yes, the project objective is very much positive consistent with stakeholders needs interests identified by the community consultation and FGD.				
16: What will be the impact of the project or sub-project on the various stakeholders, especially women and vulnerable groups? Answer: As a result of construction of WFS, the various stakeholders especially women and vulnerable groups will get easy access to Save the lives and Dignity of the women and girls from Rohingya communities and host community as well.				
17: What social risks might affect project or sub-project success? Answer: As per the visit findings and consultation meeting with DRP community and other organizations representatives of in the scheme area, it has been revealed and perceived that the following some social risks might be affected sub-project success; <ul style="list-style-type: none"> • Incoming labors may engage with anti-social activities which can challenge the values system of the society. • Noise and sound pollution may be generated in the locality. It also can hamper the study of the children as well as old ages during the construction period. • During the construction work, any kind of accident may occur. 				
18: Has the project authority or any other organizations conducted any consultations with the affected community or people? If yes. Please provide a summary. Answer: The project authority has been conducted several consultations with the potential DRP community and Host people. During site selection UNFPA & Mukti, Cox's Bazar have been conducted several meetings with CIC officials, Site Management, service providers, DRP Community, local Union parishad representatives, and local governance representatives regarding the construction of WFS. During the screening, the consultant of Design and supervision consultant and PIU consultant of LGED also organized the consultation meetings and informed them about project objectives and other safeguard related issues. They also provided their feedback which are given below;				
01. The FGD results confirmed that decision of WFS construction will increase the sense of security of the communities.				

02. Providing psychosocial support to GBV and Non GBV survivors women and girls
03. Case management of GBV survivors
04. Provide Referral Services to the GBV and Non-GBV survivors women
05. Awareness Information Session in WFS
06. Awareness Information Session at outreach
07. Recreational activities for women and adolescents' girls
08. Develop and Disseminate IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc.)
09. Form and functioning Women Support Group (WSG)
10. Community Watch Group formation and functioning (CWG)
11. Awareness raising session to reach women and girls with disabilities.
12. Distribution of Dignity Kits to the women and girls of re-productive age, Coordination meeting with other service providers for strengthening referral pathway for ensuring GBV and SRHR (Sexual & Reproductive Health & Rights) services.
13. COVID-19 awareness session & COVID-19 Kit distribution.

Annex-05: Social Screening of Camp 20 Extension, Block- S1 B3 Women Friendly Space (WFS), Ukhiya.

Local Government Engineering Department (LGED)
Emergency Multi-Sector Rohingya Crisis Response Project (EMCRP)
Social Screening of Women Friendly Space (WFS), (Filled Form)

Section A: Sub-Project Overview

Description of sub-project/component interventions:

Proposed Women Friendly Space (WFS) is situated within the catchment area of Camp 20 Extension, Block- S1 B3, union- Palongkhali, ward-09, Post office-Balukhali 4750 of Ukhiya Upazila under Cox's Bazar District. Proposed WFS land is own by Government. The location is an open space which is currently used as seasonal vegetables garden. This targeted Women Friendly Space (WFS) is inside DRP camp boundary. The location is just on the toe of a hilly location but on the inclined surface. The Sub-Project is categorized as single stored building with tin roof.

Details of the proposed Women Friendly Space (WFS) structure are given below:

SL #	WFS Facilities	Number	Length	Wide	Space (sq. ft.)
1	(a) Meeting room	2	24'-7"	16'-0"	786.56
	(b) Counseling room	1	11'-7"	9'-10"	113.83
	(c) Mid wife room	1	11'-7"	9'-7"	110.93
	(d) Office room	1	11'-7"	9'-10"	113.83
	(e) Corridor	1	63'-0"	5'-0"	315
2	Store room	1	12'-0"	7'-0"	84
3	Guard room	1	7'-0"	5'-0"	35
4	Generator room	1	7'-0"	6'-0"	42
5	PSS activities room	1	12'-0"	10'-0"	120
6	Latrine	2	5'-0"	5'-0"	50
7	Bath room	2	5'-0"	5'-0"	50
Total Space of Women Friendly Space (WFS) =					1821.15

The total area needed for these facilities is 1821.15 square feet. Moreover, the compound will be fenced with boundary made from wood and bamboo. At present proposed land of WFS is open space. Some cultural, archaeological, religious sites near (within 1km) of site are at north side of DRP Settlements on Hill (30m), CIC office (500m), graveyard (700m), Thunder protection lightning Arrester (50m), Camp Bazar (600m), at south side of IOM Health center (200m), Mosque on Hill (20m), Bamboo Bridge (50m), DRP Settlements (60m), Friendship Learning center (250m), Graveyard (850m), solar Post (5m), Tube well (6m), at east side of Bamboo shaft drain (5m), DRP settlements (6m), Mosque Ahmed (300m), NGO's office (400m), at the west site of solar plant (20m), DAM Learning center on Hill (30m), Hill (400m). No scope to disturbance by this WFS which bring religious and cultural values to the community people. The people of the area will directly benefit from the implementation of the WFS which will contribute to the national development.

Sub-project Location:

Proposed Camp 20 Extension, Block- S1 B3 Women Friendly Space (WFS) is categorized as a Rohingya Camp based WFS. The WFS area is situated in Palongkhali union, ward-09, Post office-Balukhali 4750 under Ukhiya Upazila of Cox's Bazar district. The sub-project area is located at 21.189452° N and 92.135760° E. The distance from the Upazila headquarter is near about 09.00 km.

Important Features of Women Friendly Space (WFS) Location	
District	Cox's Bazar
Upazila	Ukhiya
Union	Palongkhali
WARD	09
Post	Balukhali 4750
Land Area Space	4000 sq. feet
Proposed WFS Structure Space	1821.15 sq. feet
Distance from Upazila Head quarter	09 Km
Camp 20 Extension, Block- S1 B3 Women Friendly Space (WFS)	Latitude Value: 21.189452° N Longitude Value: 92.135760° E
Land ownership	Government

Expected construction period: 270 (Two hundred seventy) working days.

Description of project intervention area and project influence area with schematic diagram (where relevant, indicate distance to sensitive environmental areas such as elephant corridors, water bodies, etc. and historical or cultural assets): Please also explain any analysis on alternative location was conducted:

Answer: The Proposed Camp 20 Extension, Block- S1 B3 Women Friendly Space (WFS) have no located historical sites were found. There are not required to relocate local community. There are many socio-cultural assets in this proposed area but that will not be affected by the construction work. In consultation meeting it has revealed that no Elephants corridors there and no elephant has been found last few years in the proposed sub-project area. The proposed sub-project was finalized through effective consultation of DRP, local community, Local Government Representatives and Concerned LGED & Mukti Cox's Bazar officials.

Local Government Engineering Department (LGED)

Emergency Multi-Sector Rohingya Crisis Response Project (EMCRP)

Social Screening of Women Friendly Space (WFS), (Filled Form)

Section A: Sub-Project Overview

Description of sub-project/component interventions:

Proposed Women Friendly Space (WFS) is situated within the catchment area of Camp-22, Village-Raikhang Unchiprang, ward-03, Post-Nayapara 4761, union-Whykong of Teknaf Upazila under Cox's Bazar District. On behalf of International Rescue Committee (IRC) of Bangladesh representatives, Mr. Imtiaz Wadud, Deputy Director of Operation, IRC, Bangladesh has rented the land of WFS from Mr. Makbul Ahmad, Father - Mr. Gazi Afaz Uddin, Mother-Mst. Latifa Khatun, Village-Raikhang Unchiprang, Post- Nayapara 4761, Union - Whykong, Thana- Teknaf, District-Cox's Bazar from 6st December 2020 to 30th November 2021. This rental agreement can be extended as required. The Proposed WFS location has an existing facility called Women & Girl Safe space moderated by International Rescue Committee (IRC). This location has all necessary facility needed for a WFS. This targeted Women Friendly Space (WFS) is inside DRP Community. The Sub-Project is categorized as bamboo made structure for delivering WFS facilities. It already houses three rooms for case management, one for sessions of adolescent's girls, one for sessions with women, one for training, one for recreational activities for women and adolescent girls, two office rooms, one room for midwife, one isolation room and one for material storage. However, there is no kitchen in order to facilitate safe food for adolescents. The total area of existing facility is 4200 square feet. IRC provides the following services of WFS i.e., Family Planning (short & long-acting reversible method); STI (sexually transmitted infections); CMR (Clinical management of Rape); MR (menstrual regulation); SAC (safe abortion care); Male engagement activity; Outreach activities.; Provide survivors of GBV to psychosocial and case management support; Provide the community with information on services. Some cultural, archaeological, religious sites near (within 1km) of site are at north side of Drain (5m), Skill Training Center 10m) BRAC, BRAC School (5m), Mosque (200m), Elephant Watch Tower (600m), DRP Settlements (30m), Thunder Protection Lighting Arrester (25m), at south site of Learning center (10m), DRP Settlements (15m), WFS of UNFPA (400m), Graveyard (650m), Solar post (10m), at east side of Learning center (10m), DRP Settlements (20m), Mosque (150m), CIC office (500m), BRAC school (20m), at the west site of IRC Safe Healing and learning Space (8m), Learning center (20m), Elephant Watch Tower (350m), Mosque (150m). No scope to disturbance by this WFS which bring religious and cultural values to the community people. The people of the area will directly benefit from the implementation of the WFS which will contribute to the national development.

Sub-project Location:

Proposed Camp 22, Raikhang Unchiprang Women Friendly Space (WFS) is categorized as a Rohingya Camp based WFS. The WFS area is situated in Whykong Union, Ward-3, Post-Nayapara 4761 under Teknaf Upazila of Cox's Bazar district. The sub-project area is located at 21.087852° N and 92.194525° E. The distance from the Upazila headquarter is near about 25.00 km.

Village	Raikhang Unchiprang
WARD	03
Post office	Nayapara 4761
Land Area Space	4200 sq. feet
WFS Structure Space (Present Situation)	4200 sq. feet
Distance from Upazila Head quarter	25 Km
Camp-22, Raikhang Unchiprang Women Friendly Space (WFS)	Latitude Value: 21.087852° N Longitude Value: 92.194525° E
Land ownership	Private Land (Rented)

Expected construction period: Not Applicable.

Description of project intervention area and project influence area with schematic diagram (where relevant, indicate distance to sensitive environmental areas such as elephant corridors, water bodies, etc. and historical or cultural assets): Please also explain any analysis on alternative location was conducted:

Answer: The proposed Camp-22, Raikhang Unchiprang Women Friendly Space (WFS) have no located historical sites were found. There are not required to relocate local community. There are many socio-cultural assets in this proposed area but that will not be affected by the construction work. In consultation meeting it has revealed that no Elephants corridors there and no elephant has been found last few years in the proposed sub-project area. The proposed sub-project was finalized through effective consultation of DRP, local community, Local Government Representatives and Concerned LGED & IRC, Bangladesh officials.

Section B: Social Screening

Key Screening questions	Aspects to Consider
Will the project potentially involve an influx of workers to the project location, and will the influx be considered significant for the local community?	<p>✓ How many foreign and local workers will be needed for the remaining period of the WFS, with what skill set? Answer: Not Applicable.</p> <p>✓ Can the project hire workers from the local workforce? Answer: Not Applicable.</p> <p>✓ What is the size and skill level of the existing local workforce? Answer: Not Applicable.</p> <p>✓ If the skill level of the local workforce does not match the needs of the project, can they be trained within a reasonable timeframe to meet project requirements? Answer: Not Applicable.</p> <p>✓ How will the workers be accommodated? Will they commute or reside on site or outside of the camp? If so, what size of camp will be required? Answer: Not Applicable.</p>

Is the WFS located in a rural or remote area?	<p>✓ What is the size of local population in the catchment area? Answer: The sizes of Host (Local) population in the catchment area are near about 700. Approximately total household are near about 120.</p> <p>✓ What is the size of the host Rohingya community in the catchment area? Answer: Camp-22 population are near about 21230. Approximately total household are 4282. WFS Catchment area targeted population are near about 6500. Approximately total household are 1240.</p> <p>✓ Is the project located / being carried out in an area that is not usually frequented by outsiders? Answer: Yes, local people are not allowed to visit camp without the permission of CIC.</p> <p>✓ What is the frequency and extent of contact between the local community and outsiders? Answer: From the observation, the frequency and extent of contact between the local community and outsiders Around 100 peoples use this WFS daily.</p> <p>✓ Are there sensitive environmental conditions that need to be considered? Answer: There are no sensitive environmental conditions in this area.</p>
Based on the socioeconomic, cultural, religious and demographic qualities of the local community, Rohingya population and the incoming workers, is there a possibility that their presence or interaction with the local community could create adverse impacts?	<p>✓ Is it likely that the incoming workers and the local community come from a shared socio-economic, cultural, religious or demographic background? Answer: Not Applicable.</p> <p>✓ What is the level of existing resources, and will the incoming workers use or create competition for these resources? Answer: Not Applicable.</p> <p>✓ What is the expected duration of the incoming workers' presence in the community? Answer: Not Applicable.</p> <p>✓ Given the characteristics of the local community, are there any specific adverse impacts that may be anticipated? Answer: No. Project will benefit the DRP.</p>
Consultation with Community People	<p>✓ Has the WFS authority and implementation authority conducted any consultation meetings with the community people and Rohingya population? Answer: The WFS authority and implementation authority conducted consultation several times with local community where their opinions have received with great honor. The implementing authority will conduct consultation meetings with the community people after finalization of contract.</p> <p>✓ Are local people aware about the labors? Answer: Not Applicable.</p> <p>✓ Has the implementation authority involved the local community with the project? Answer: Yes, local communities are closely involved with this WFS. Several consultation meeting and informal interaction with local community have been conducted effectively.</p>

Section B.2. WFS acquisition and stakeholder screening

Probable Involuntary Resettlement Effects	Yes	No	Not Known	Remarks
-------------------------------------------	-----	----	-----------	---------

Involuntary Acquisition of Land/ Land Donation/ Land Taking				
1. Will there be any land acquisition?		✓		No land acquisition will be required to Proposed WFS.
2. Is the site for land taking known?	✓			The land is selected with the recommendation of CIC and other project and construction concerned person and agencies.
3. Is the ownership status and current usage of land to be required temporary known?	✓			Land ownership is Private (Rented).
4. Will easement be utilized within an existing Right of Way (ROW)?	✓			In the camp area Provision is available be utilized within an existing Right of Way (ROW) within camp and WFS area.
5. Will there be loss of shelter and residential land due to land acquisition?		✓		N/A, no additional land will be required.
6. Will there be loss of agricultural and other productive assets due to land acquisition?		✓		No question of land acquisition. So, agricultural and other productive assets will not be damaged or lost by the construction of WFS.
7. Will there be losses of crops, trees, and fixed assets due to land acquisition?		✓		No standing crops, trees and fixed assets will be lost due to avoiding and minimize land acquisition.
8. Will there be loss of businesses or enterprises due to land acquisition?		✓		Land ownership is Private (Rented).
9. Will there be loss of income sources and means of livelihoods due to land acquisition?		✓		It is clearly revealed that income sources and means of livelihoods will not be hampered or lost by the activities of WFS.
Involuntary restrictions on land use or on access to legally designated parks and protected areas				
10. Will people lose access to natural resources, communal facilities and services?		✓		People access to communal facilities and services will not be hampered by the activities of WFS.
11. If land use is changed, will it have an adverse impact on social and economic activities?		✓		No scope to change site location.
12. Will access to land and resources owned communally or by the state be restricted?	✓			DRP camp & host community is demarked, restriction by the CIC, concern authority.
Information on Displaced Persons:				
Any estimate of the likely number of persons that will be displaced by the Project? [✓] No [] Yes If yes, approximately how many? N/A				
Are any of them poor, female-heads of households, or vulnerable to poverty risks? [✓] No [] Yes				
Are any displaced persons from indigenous or ethnic minority groups? [✓] No [] Yes				
During Screening, project authority will conduct consultation with the primary and secondary stakeholders and provide their observations in the following sections (13 to 18)				
13: Who are the stakeholders of the project? Answer: The key stakeholders from safeguards point of view include: Main stakeholders are DRP, host communities, Labors and - Implementing agencies and their field staffs - People/communities directly affected by project activities - People/communities/organizations within the project influence area indirectly affected by project activities - Government departments/agencies				

<p>-Development Partners</p> <p>- Local and international NGOs working with local host communities/DRP</p>
<p>14: What social and cultural factors affect the ability of stakeholders to participate or benefit from the proposed policy or project?</p> <p>Answer: No such social and cultural factors, incidence exists to implement such development project in DRP camp areas that effect on the ability of stakeholders to participate or benefit from the proposed policy or project.</p>
<p>15: Are project objectives consistent with their needs, interests and capacity?</p> <p>Answer: Yes, the project objective is very much positive consistent with stakeholders needs interests identified by the community consultation and FGD.</p>
<p>16: What will be the impact of the project or sub-project on the various stakeholders, especially women and vulnerable groups?</p> <p>Answer: As a result of construction of WFS, the various stakeholders especially women and vulnerable groups will get easy access to Save the lives and Dignity of the women and girls from Rohingya communities and host community as well.</p>
<p>17: What social risks might affect project or sub-project success?</p> <p>Answer: As per the visit findings and consultation meeting with DRP community and other organizations representatives of in the scheme area, it has been revealed and perceived that the following some social risks might be affected sub-project success;</p> <ul style="list-style-type: none"> • Incoming labors may engage with anti-social activities which can challenge the values system of the society. • Noise and sound pollution may be generated in the locality. It also can hamper the study of the children as well as old ages during the construction period. • During the construction work, any kind of accident may occur.
<p>18: Has the project authority or any other organizations conducted any consultations with the affected community or people? If yes. Please provide a summary.</p> <p>Answer: The project authority has been conducted several consultations with the potential DRP community and Host people. During site selection UNFPA, IRC representatives of Bangladesh & Mukti, Cox's Bazar have been conducted several meetings with CIC officials, Site Management, service providers, DRP Community, local Union parishad representatives, and local governance representatives regarding the construction of WFS. During the screening, the consultant of Design and supervision consultant and PIU consultant of LGED also organized the consultation meetings and informed them about project objectives and other safeguard related issues. They also provided their feedback which are given below;</p> <p>01. The FGD results confirmed that decision of WFS construction will increase the sense of security of the communities.</p> <p>02. Providing psychosocial support to GBV and Non GBV survivors women and girls</p> <p>03. Case management of GBV survivors</p> <p>04. Provide Referral Services to the GBV and Non-GBV survivors women</p> <p>05. Awareness Information Session in WFS</p> <p>06. Awareness Information Session at outreach</p> <p>07. Recreational activities for women and adolescents' girls</p> <p>08. Develop and Disseminate IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc.)</p> <p>09. Form and functioning Women Support Group (WSG)</p> <p>10. Community Watch Group formation and functioning (CWG)</p> <p>11. Awareness raising session to reach women and girls with disabilities.</p> <p>12. Distribution of Dignity Kits to the women and girls of re-productive age, Coordination meeting with other service providers for strengthening referral pathway for ensuring GBV and SRHR (Sexual & Reproductive Health & Rights) services.</p> <p>13. COVID-19 awareness session & COVID-19 Kit distribution.</p>

Annex-07: Screening Findings and Mitigation Measures

Mitigation measures need to be proposed in referenced to ESMP Guidelines relevant to the type of the sub-project, proposed in Section 8.3 of ESMP. Accordingly, we have completed the task followed by FGD and public consultation for the sub projects. Those are given below;

Section	Main Environmental and Social Impacts	Impact Significance*	Suggested Mitigation Measures	Person/Institution Responsible	Monitoring Suggestions	
					Indicators	Frequency
1: Sub-Project Interventions	There are 4 (Four) WFS will be established in DRP camp as well as necessary agreements & acknowledgement are attached in Annex: 17-27					
2: Pre-improvement Phase	Loss of land/and other physical assets	No adverse impact will be generated	<ul style="list-style-type: none">No land acquisition will be required for 6 WFS in DRP area in rented private land.As all 6 (six) WFS will be established on rented empty private land or existing well equipped building structure, therefore no required to replace any temporary structures/assets to other place.No Households will be affected by the intervention of sub-projects. If we found any grievance from the neighboring habitants, we will consult on emergency basis in order to solve the problem by project GRC.	PIU consultant, PSC and D&SC	<ul style="list-style-type: none">✓ Number of Complaints✓ Check Grievance register✓ Resolutions against the grievances	Ensure regular supervision and Monitoring based on compliance.
	Loss of livelihood	No impact may be generated	<ul style="list-style-type: none">No significant impact will be generated by the subproject but due to Rohingya influx, job opportunities may be reduced. Local people particularly women laborers shall get priority with equal payment at the time of labor recruitment.Code of conduct required for the local labours as well as Rohingya labours.During construction work, social safeguard compliance will be maintained properly by the contractor.	PIU consultant, PSC and D&SC	<ul style="list-style-type: none">✓ Labor wages payroll✓ Interview with labour✓ Frequent visit by D&SC and PIU personnel✓ Copy of code of conduct	Weekly basis

	Site Selection & implementing interventions: Human-elephant conflict	No adverse impact may be generated	<ul style="list-style-type: none"> Selection of sub-project sites and all implementing interventions must take place outside of the elephant corridor/influence area. 	PIU consultant, PSC and D&SC	<ul style="list-style-type: none"> ✓ Check sub-project Map ✓ Checking IUCN report ✓ Documents check and an Interview of Elephants response team 	Monthly basis
	Loss of right to access	No adverse impact will be generated	<ul style="list-style-type: none"> In case of unavoidable circumstances, alternative access will be provided. 	PIU consultant, PSC and D&SC	<ul style="list-style-type: none"> ✓ Physical verification ✓ Picture of alternative way 	Monthly basis
	Avoidance and minimize socially sensitive area	No adverse impact will be generated	<ul style="list-style-type: none"> Social, cultural and religious institution like; Educational institution, Mosque, temple, archeological structure shall take care of carefully for avoiding or minimizing physical fractures and esthetical values. 	Construction Contractor	<ul style="list-style-type: none"> ✓ Visit to socially sensitive area ✓ Interaction with local community 	Monthly basis
3: Construction Phase	Traffic Accidents	Low impact may be generated	<ul style="list-style-type: none"> ✓ Clear construction area markings. ✓ Recording and reporting of accident incidents to local police station Annual reporting of accident figures to PSC 	Construction Contractor and Monitored by Consultant of PIU and D&SC	<ul style="list-style-type: none"> ✓ No. of accident took place ✓ Marking and signage of road ✓ Record of police station and PSC 	Monthly basis

*Overall Impact Score: **High** = Likely to cause long-term E&S impacts; **Medium** = Likely to cause temporary impacts; **Low** = Likely to cause little, short-term impacts

Annex-08: At a Glance Public Consultation of 4 (Four) sub-projects (WFS)

1. Project Stakeholders:

DRP Camp, host community, Local communities (especially female), surrounding villages peoples, implementing agencies and their agencies, labors, local elected representative, local administration, DPHE, LGED, DoE, BFD, UNFPA Development partners and local and international NGOs working with DRP camp etc.

2. Methodology:

Adoption of appropriate methodology plays a very crucial role to prepare the social screening of subprojects. Participatory process has been followed to conduct social screening. Participatory public consultation has been conducted at each and every sub-project level with the participants of host and DRP camp female and local elected representatives. There are some PRA tools that are used for collecting data such as; FGD, key informant interviews, social screening form (SSF). In public consultation meetings that are held at sub-projects level, project beneficiaries and stakeholders have been properly informed about project related information. In addition, effective mitigation measures have also been reflected in SMP in SL. # 15.

3. Feedback, Suggestions and recommendations of the participants:

The following feedback, suggestions and recommendations came out from the participants: -

- The FGD results confirmed that decision of WFS construction will increase the sense of security of the communities.
- To be provided psychosocial support to GBV and Non GBV survivors women and girls
- Case management of GBV survivors
- Suggested to Provide Referral Services to the GBV and Non-GBV survivors women
- To be conducted Awareness Information Session in WFS
- To be conducted Awareness Information Session at outreach
- Recreational activities for women and adolescents' girls socially and culturally shall be accepted.
- Suggested to Develop and Disseminate IEC and BCC materials (Early marriage, puberty, HIV/AIDS, Hygiene etc.)
- Formation and functioning Women Support Group (WSG) should be ensured.
- Community Watch Group formation and functioning (CWG) should be ensured.
- Awareness rising session to reach women and girls with disabilities should be ensured.
- Distribution of Dignity Kits to the women and girls of re-productive age, Coordination meeting with other service providers for strengthening referral pathway for ensuring GBV and SRHR (Sexual & Reproductive Health & Rights) services would be started at the beginning stage
- COVID-19 awareness session & COVID-19 Kit distribution would be started with necessary training/orientation and to emphasis safety issue carefully during COVID-19.

4. Conclusion:

In conclusion, it can be clearly revealed that all selected places where WFS will be constructed and established is very good in terms of geographical features, easy communication, law and order situation, safety & security both for DRP and Host communities' women and girls. Local people love to call WFS as "Shantikhana" for women and girls; therefore, selection of place for WFS is well perfect in the local context of Ukhya and Teknaf Upazila under Cox's Bazar district. Gender based violence (GBV) is seeing one of the biggest problems to the women and adolescent girls. These WFS is expected to mobilize the local destitute women and girls and scope to educate them with different issues. So, they can tackle the situation by taking effective steps as against any sorts of discrimination and humiliation. Besides, these 57 platforms will allow them to interact with fellow women and girls on contemporary local societal issues in relation to women and girls and will able them to mitigate those issues through collective initiatives. Therefore, establishment and functioning of WFS is expected to bring tremendous socio-economic and cultural benefit for the women and girls of selected WFS catchment area.

পক্ষ (১) সিআইসি
সিআইসি-৮-কোম

জমি ভাড়ার চুক্তিনামা

এ চুক্তি অধ্য ১লা এপ্রিল -২০২১ইং তারিখে সম্পাদিত ও স্বাক্ষরিত হল।

পক্ষ সমূহ

জনাব আব্দুল রাস্তাক, পিতা: মৃত এমদাদুল হক, মাতা: মৃত অমিনা খাতুন, গ্রাম: মধ্য রহমতের বিল, পালাখালী, ডাকঘর: বালুখালী -৪৭৫০, থানা: উখিয়া, জেলা: কক্সবাজার।

.....১ম পক্ষ

এবং

বিমল চন্দ্র দে সরকার, প্রধান নির্বাহী, মুক্তি কক্সবাজার, সারলা ভবন, গোল সিখীর পাড়, কক্সবাজার।

.....২য় পক্ষ

বাড়ীর বিবরণ

প্রথম পক্ষ জনাব সিআইসি মিত্রা উপপ্রকল্প ডিকলার জমির একক স্বত্বাধিকারী। দ্বিতীয় পক্ষ তাদের সংস্থা কর্তৃক বাস্তবায়নধীন (Providing Quality GBV Prevention and Response for the Rohingya and Host Communities in Cox's Bazar to increase Community wellbeing) প্রকল্পের কার্যক্রম পরিচালনার জন্য উক্ত জমিতে অনুমিত ১০ ফিট দৈর্ঘ্য এবং ৫০ ফিট প্রস্থ জায়গা ভাড়া নেয়ার প্রস্তাব করলে উক্ত পক্ষ পারস্পরিক সমঝোতার ভিত্তিতে নিম্নলিখিত শর্ত সাপেক্ষে ভাড়া নিতে ও নিতে সম্মত হন।

শর্তাবলী:

ক. চুক্তির মেয়াদ

- এই জমি ভাড়া চুক্তি আগামী ০১.০৬.২০২১ ইং হতে ৩১.১২.২০২২ ইং পর্যন্ত মোট ০১ (এক) বছর ৭ (সাত) মাস মেয়াদের জন্য বলবৎ থাকবে এবং উক্ত পক্ষ এ বাড়ি ভাড়া চুক্তি নবায়ন করার প্রয়োজন মনে করলে চুক্তির মেয়াদ শেষ হওয়ার ০২ মাস (৬০ দিন) পূর্বে চুক্তি নবায়ন করার প্রয়োজনীয় ব্যবস্থা গ্রহণ করবেন। তবে নবায়নের জন্য প্রস্তাবিত মেয়াদের মাপিক ভাড়ার পরিমাণ (যদি প্রযোজ্য হয়) উক্ত পক্ষের মধ্যে আলোচনা সাপেক্ষে নির্ধারিত হবে। প্রকাশ থাকে যে, চুক্তির মেয়াদান্তে চুক্তির মেয়াদ বর্ধিত করা না হলে উক্ত চুক্তির কার্যকারিতা আপনা-আপনি শেষ হয়ে যাবে।
- চুক্তির মেয়াদ বলবৎ থাকা অবস্থায় ১ম পক্ষ কোন অবস্থাতে নির্ধারিত জমির ভাড়া বৃদ্ধি করতে পারবে না।
- চুক্তির মেয়াদ বলবৎ থাকা অবস্থায় যে কোন সময় উক্ত পক্ষ ০২ মাসের (৬০ দিনের) লিখিত নোটিশে চুক্তি বাতিল করতে পারবে। অর্থাৎ যদি ২য় পক্ষ যেহেতু জমি থেকে চলে যেতে চায় অথবা ২য় পক্ষকে ১ম পক্ষ কর্তৃক জমি খালি করতে অনুরোধ জানানো হয় তবে ২ মাস (৬০ দিন) পূর্বে অগ্রিম লিখিত নোটিশ দিতে হবে। চুক্তির মেয়াদান্তে ১ম পক্ষ উক্ত জমি যথা সময়ে বৃক্ষ নেয়ার জন্য প্রয়োজনীয় ব্যবস্থা গ্রহণ করবেন।

উপরে বর্ণিত (৩) অনুচ্ছেদের প্রেক্ষিতে যদি প্রথম পক্ষ জমির পালন বুঝে নিতে ব্যর্থ হন তবে দ্বিতীয় পক্ষ উক্ত জায়গা খালি করে চলে যেতে পারবেন এবং পরবর্তীতে উক্ত জমির কোন প্রকার ক্ষতি হলে তার জন্য দ্বিতীয় পক্ষ দায়ী থাকবেন না।

“দেশপোষের শপথ নিন ১৯৭১ স্বাধীনতা বিদায় দিন”

খ. মাসিক ভাতার পরিমাণঃ

এই জমির মাসিক ভাতা বাবদ ১৪২১/- টাকা মাত্র (মোল হাকার অংশিত বিয়ট্রিশ টাকা) নির্ধারণ করা হইল। দ্বিতীয় পক্ষ মাসিক ভাতার উপর সরকারী নিয়ম অনুযায়ী প্রযোজ্য হারে আয় কর কর্তন করে এবং প্রযোজ্য হারে ভাট্টা সংযোজন করে বাকী টাকা পরবর্তী মাসের ১০ তারিখের মধ্যে একাউন্ট পেরী চেকের মাধ্যমে মাসের ভাতা হিসেবে প্রদান করবেন। প্রথম পক্ষ প্রতি মাসে ভাতার রসিদ / বিল দ্বিতীয় পক্ষকে প্রদান করবেন।

গ. চুক্তির অন্যান্য শর্তাবলী:

দ্বিতীয় পক্ষ কর্তৃক পালনীয়/করণীয়

১. দ্বিতীয় পক্ষ ভাতাকৃত জমিতে তাদের ব্যবসায় মিটার বিজি অনুযায়ী বিদ্যুৎ বিল প্রদান করবেন। পরিশোধিত বিদ্যুৎ বিলের একটা কপি (সাব মিটার) দ্বিতীয় পক্ষ সংরক্ষণ করবেন।
২. দ্বিতীয় পক্ষ ভাতাকৃত জমিতে তাদের অফিসিয়াল স্থাপনা, যং, ব্রুজিং, এসি স্থাপন, বৈদ্যুতিক সরঞ্জাম স্থাপন, অন্যান্য ফিটিংস, প্রয়োজনীয় ছোট-খাট পলিশিং/মেরামত ও নির্মাণ কাজ করতে এবং সুবিধামত জায়গায় প্রতিষ্ঠানের সাইন বোর্ড লাগাতে/ঢালাতে পারবেন। এতে প্রথম পক্ষ কোন প্রকার আপত্তি করতে পারবে না।
৩. ভাতাকৃত জমিতে দ্বিতীয় পক্ষ যদি অবকাঠামোগত কোন পরিবর্তন বা পরিবর্ধন করার প্রয়োজন মনে করে তবে সে ক্ষেত্রে প্রথম পক্ষের লিখিত পূর্ব অনুমোদন নেবেন।
৪. দ্বিতীয় পক্ষ ভাতাকৃত সম্পত্তিতে ভাতাটি হিসেবে ভোগকালে অথবা সংস্থার কার্যক্রম পরিচালনা কালে প্রথম পক্ষ কোন প্রকার অসুবিধা / প্রতিবন্ধকতা সৃষ্টি করতে পারবেনা।
৫. দ্বিতীয় পক্ষ ভাতাকৃত জমিতে ক্ষতিকর, অসামাজিক ও রাষ্ট্রদ্রোহী কোন কাজ করতে পারবেন না এবং অন্য কোন পক্ষের কাছে কোন প্রকার উপভাড়া বা হস্তান্তর করতে পারবেন না।
৬. ভাতাকৃত জমি ছেড়ে / ছাটি করে বেয়ার সময় দ্বিতীয় পক্ষ কর্তৃক সংস্থাপিত / সংযোজিত সকল প্রকার যন্ত্র-বাড়ি, আসবাববস্তু এবং সরঞ্জামাদি দ্বিতীয় পক্ষ খুলে নিয়ে যেতে পারবেন। এতে প্রথম পক্ষ কোন প্রকার বাধা প্রদান করতে পারবেন না। তবে জমির বুধৎ কোন ক্ষতিও করতে পারবেন না। এ ধরনের কোন ক্ষতি সংঘটিত হলে দ্বিতীয় পক্ষ তা নিজ খরচে মেরামত করে দিবেন।

প্রথম পক্ষ কর্তৃক পালনীয়/করণীয়

১. প্রথম পক্ষ ভূমিসিদ্ধে বর্ণিত সম্পত্তির উপর বাংলাদেশ সরকারের নির্ধারিত পৌরস্বত্ব, খাজনা ও অন্যান্য সকল প্রকার কর ইত্যাদি নিজ মাটিতে সময়মত পরিশোধ করবেন। এ ধরনের সরকার কর্তৃক আরোপিত কর, খাজনা বা অন্যান্য ধার্যকৃত সরকারী ফি-র জন্য দ্বিতীয় পক্ষকে কোন প্রকার ভোগান্তির স্বীকার করা যাবে না।

সক ১৬৬৪৬৫২

পাঠ্য-৩

কোন প্রকার নোটিশ বা চিঠি আদান প্রদানের প্রয়োজন হলে উভয় পক্ষ নিম্নলিখিত ঠিকানায় যোগাযোগ করবেন।

উপরোক্ত চুক্তির শর্তানুসারে উভয় পক্ষের মধ্যে কোন প্রকার বিরোধের সৃষ্টি হলে নিম্নের (উভয় পক্ষ) সমাধান করবেন। তবে কোন কারণে তা করতে না পারলে বাংলাদেশের প্রচলিত আইন অনুসারে সে সমস্যার সমাধান করার জন্য আইনের আশ্রয় নিতে পারবেন।

আমরা উভয় পক্ষ স্ব-জ্ঞানে, অনোর প্ররোচনা ব্যতিরেকে চুক্তিতে উল্লিখিত শর্তসমূহ মেনে নিয়ে এবং নিম্নে উল্লিখিত সাক্ষীগণের উপস্থিতিতে করে ব্যক্তি আত্মা সুউদ্যমায় স্বাক্ষর করলাম।

উখিয়া, কক্সবাজার।

বিষয়ঃ মুক্তি কক্সবাজার কর্তৃক পরিচালিত "Providing Quality GBV Prevention and Response for the Rohingya and Host Communities in Cox's Bazar to increase Community wellbeing" প্রকল্পের অধীনে একটি নারী বাসব সেবা কেন্দ্র (WFS) স্থাপনের মাধ্যমে রোহিঙ্গা নারী ও কিশোরীদের সেবা প্রদানের অনুমোদন প্রসঙ্গে।

জনাব,

মুক্তি কক্সবাজার এর পক্ষ থেকে আন্তরিক শুভেচ্ছা।

জাতিসংঘ জনসংখ্যা তহবিল (UNFPA) এর কারিগরী সহায়তায় মুক্তি কক্সবাজার কর্তৃক ২০১৭ সাল থেকে " Providing Quality GBV Prevention and Response for the Rohingya and Host Communities in Cox's Bazar to increase Community wellbeing " প্রকল্পের অধীনে, উখিয়া ও টেকনাফ উপজেলার বিভিন্ন শরণার্থী ক্যাম্পে ১৯ টি নারী বাসব সেবা কেন্দ্র (WFS) এর মাধ্যমে মিয়ানমারের রাখাইন রাজ্য হতে বলপ্রয়োগে বাস্তবায়িত মিয়ানমার নাগরিক রোহিঙ্গা নারী ও কিশোরীদের মনো-সামাজিক সেবা প্রদান, রেফারেল সেবা প্রদান, কাউন্সিলিং সেবা প্রদান, মিডওয়াইফারি সেবা প্রদান, ডিপনিটি কিট বিতরণ এবং ওয়াশ সাপোর্ট প্রদান কার্যক্রম বাস্তবায়ন করে আসছে। বর্তমানে বিশ্ব ব্যাংক ও এলজিইডি এর অর্থায়নে Emergency Multi-Sector Rohingya Crisis Response Project এর Loan/Credit/Grant No.: Grant Number-D419-BD, Loan/Credit/Grant Closing Date: March 5, 2022, Reference No: EMCRP/GBV/S2 এর আওতায় স্থানীয় এবং রোহিঙ্গা নারী ও কিশোরীদের উচ্চ সেবা প্রদানের জন্য বিভিন্ন ক্যাম্পে নতুন একাধিক নারী বাসব সেবা কেন্দ্র (WFS) স্থাপন করা হবে। এরই ধারাবাহিকতায় ক্যাম্প ১৮ তে একটি নতুন নারী বাসব সেবা কেন্দ্র (WFS) স্থাপনের মাধ্যমে সেবা প্রদান করতে ইচ্ছুক।

অতএব আপনার নিকট নিবেদন এই যে, ক্যাম্প- ১৮ তে নতুন একটি নারী বাসব সেবা কেন্দ্র (WFS) স্থাপনের মাধ্যমে রোহিঙ্গা নারী ও কিশোরীদের মনো-সামাজিক, রেফারেল, কাউন্সিলিং, মিডওয়াইফারি, ডিপনিটি কিট বিতরণ (নারী ও কিশোরীদের) এবং ওয়াশ সাপোর্ট সেবা প্রদান কার্যক্রম পরিচালনার জন্য বিশেষ ভাবে অনুমতি কামনা করছি।

**৭০৭৫২৪ AMENDMENT TO THE LEASE AGREEMENT BY AND BETWEEN
INTERNATIONAL RESCUE COMMITTEE, INC. AND MAKBUL AHMED**

Amendment Reference: ##[REFERENCE]##
Original Agreement Reference: ##[REFERENCE]##

THIS AMENDMENT is entered into as of 6th December 2020 to 30th November 2021 by and between International Rescue Committee (IRC) a New York non-profit corporation, having an address at 122 East 42nd Street, New York, NY 10017, and MAKBUL AHMED son of Gazi Afaz Uddin and Latifa Khatun address in village – Raikhang Unchiprang, Post office – Nayapara, Thana- Teknaf, District- Cox'sbazar having a national ID number- 2219079547506 and Mobil number: 01839968004.

WHEREAS, the Parties entered into that certain lease agreement dated as of 6th December 2020 to 30th November 2021 and original agreement was dated on 6th December 2018 to 5th December 2020, pursuant to which Contractor is to provide certain services to Company;

WHEREAS, the Parties desire, and are willing, to amend the Agreement as set forth herein.

NOW, THEREFORE, in consideration of the promises, the mutual covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are expressly acknowledged, the Parties agree to be bound by the terms and conditions set forth in the Agreement as modified herein as follows:

1. AMENDMENTS TO THE AGREEMENT

The amendments set forth below shall be effective beginning on the Amendment Effective Date: 6th December 2020 to 30th November 2021

1

“দেশপ্রেমের শপথ নিন, দুর্নীতিকে বিদায় দিন”

1.1 Article A.1 the lessees shall under this agreement hold property for period of 11 month 26 days (hereinafter referred to as the "lease period") effective as of the 6th December 2020 to 30th November 2021 and based on original contract it will be extended till date of 30th of November 2021, this shall be amended in this 1st amendment contract with the following:

The lessees shall under this agreement hold property for period of 11 month and 26 days (hereinafter referred to as the "lease period") effective as of the 6th December 2020 to 30th November 2021. Where 6th December 2018 to 5th December 2020 is the duration of initial contract period and 6th December 2020 to 30th November 2021 is the 1st extension (as of this 1st amendment) agreement.

1.2 Article A.2 the Lessor agrees to The International Rescue Committee (IRC), Bangladesh having taken over the lease and management of the property from the date signing of this contract. **Where the monthly rent for the mentioned property would be 6,000 BDT (Taka Six Thousand Only) including TAX and excluding VAT.**

The Lessor agrees to The International Rescue Committee (IRC), Bangladesh having taken over the lease and management of the property from the date signing of this contract. **Where the monthly rent for the mentioned property would be as per below table for mentioned duration:**

Contract	Rent duration	Monthly rent amount	Total amount for the rental duration	Remarks
Initial agreement	2 years: 6 th December 2018 to 5 th December 2020	1666.66 BDT	40,000 BDT	Without VAT and TAX
1 st Amendment	11 month 26 days: 6 th December 2020 to 30 th November 2021	6,000 BDT	71,032 BDT	Including TAX but excluding VAT

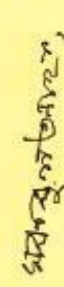

1.3 Article A.3 Any increase in rental payment for further every each year must be within 10% and must be agreed by both parties in writing and a contract amendment will be put in place signed by both parties, this shall be deleted in its entirety and replaced with the following:

The contract and rent period will be expired by 30th November 2021. But both party can extend the contract for further duration before expiring the contract.

B.1 The rent was payable by IRC will be exclusive of AIT and exclusive of VAT, but from this amendment it will be including AIT but excluding VAT. The Lessee shall deduct the AIT at the applicable rate and deposit the Government of the people's republic of Bangladesh. The Lessor will be paid appropriate VAT and deposit the Government of the people's republic of Bangladesh.

2. GENERAL TERMS

This Amendment may be executed in several counterparts, all of which taken together shall constitute one single agreement between the Parties. This Amendment, when read in

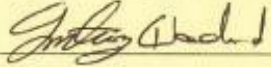

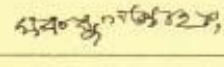

Signature,

conjunction with the Agreement constitutes the entire agreement between the Parties with respect to the subject matter of this Amendment and pursuant to the terms of this Amendment supersedes all prior agreements, whether written or oral, with respect to the subject matter of this Amendment. As of the Amendment Effective Date, the terms and conditions set forth in this Amendment shall be deemed a part of the Agreement for all purposes. Except as amended and supplemented hereby, all of the terms and conditions of the Agreement shall remain and continue in full force and effect and apply hereto.

IN WITNESS THEREOF, the authorized representatives of the Parties have executed this Amendment to the Agreement, as of the date above written.

World Bank requirements for Camp 22 WGSS site Assessment report

WGSS land and House rent Agreement:

IRC has an agreement till November 2021 with the landowner of camp 22 WGSS. The monthly rent is BDT 6000.

Information of landowner:

Name: Makbul Ahmad, son of Gazi Afia Uddin and Latifa Khatun,

Address: Village- Raikang, Unchoprang, Post Office- Nayagura, Teknar, Cox's Bazar

NID from WGSS land and House Owner: 2219079547506

Mukti Cox's Bazar all documents: N/A

WGSS services:

GBV program: IRC provides prevention and response services in the WGSS. The response services include case management and the prevention services include Girl Shine, EMAP and SASA!. Under the support of UNFPA, IRC will be implementing SASA!, community outreach, GBV case management and SRH services.

- **SASA!** is a comprehensive and systematic approach to community mobilization that seeks to address violence against women and girls by engaging communities in dialogues through unpacking both positive and negative power and the impacts of both upon women and girls. SASA! uses four strategies: local activism, media and advocacy, communication materials, and training—with the specifics of intervention activities evolving in response to community priorities and characteristics. In the initial phase, community activists (CAs), men and women interested in issues relating to violence, are selected and trained. These activists then work through the subsequent phases of the SASA! curriculum with a central focus throughout on discussions of "power". After being introduced to new ways of thinking about power and being encouraged to think about gender-related power imbalances in their own lives and communities, the CAs engage their communities in the same critical reflection—not only about the ways in which men and women may misuse power, with consequences for their relationships and communities, but also how people can use their power positively to foster change at an individual and community level.
- **GBV case management** is a structured method for providing logistical and emotional support and follow-up to a survivor through which their problems are identified, they are informed of options available to them, and provided with referrals when necessary. In our own programming, with survivor centered, Do No Harm approaches at its core, the IRC provides quality case management services including psychosocial support (PSS) and referral services especially for the Clinical Management of Rape to GBV survivors. Our midwives and case workers work hand in hand to support the GBV survivors while maintaining the survivor's confidentiality. As an active member of GBVIMS Task Team, the IRC ensures storage, analyzing and sharing the data and report through sticking up to information sharing protocol (ISP) to understand the overall GBV situation. IRC also does service mapping on a regular basis.
- **Dignity kit distribution:** IRC distributes dignity kits on need basis, especially to GBV survivors who comes for case management service in camp 22.

- **Community Outreach:** As part of prevention programming, IRC volunteers go door-to-door to provide information on GBV risk mitigation and other information including COVID 19.

Sexual and reproductive health (SRH) services-

IRC provides the following services:

- Family Planning (short & long acting reversible method)
- STI (sexually transmitted infections)
- CMR (Clinical management of Rape)
- MR (menstrual regulation)
- SAC (safe abortion care)
- Male engagement activity, Outreach activities.
- Provide survivors of GBV to psychosocial and case management support;
- Provide the community with information on services

Design of WGSS

Challenges:

- No space for male volunteers and beneficiaries but we have IRC's CP SHLS center beside where our male volunteers and outreach officers can sit.
- No emergency exit

Details about each room:

There are 12 rooms in the WGSS of camp 22. 3 rooms for case management, 1 for sessions of adolescents girls, 1 for sessions with women, 1 for training, 1 for recreational activities for women and adolescent girls, 2 office rooms, 1 room for midwife, 1 isolation room and 1 for material storage.

Size of land: 4200 Sq. Ft.

GPS Coordinate: Latitude: 21.087852 and Longitude: 92.194525

A short profile of Women and Girls Safe Space (WGSS): The IRC's innovative WGSS's provide an integrated, multi-sector package of essential services enabling women and girls to access life-saving protection and sexual and reproductive health services and support in one center. The centers, which are completely run by female staff and volunteers, are safe spaces in which beneficiaries can access the services they need in a safe, dignified, and confidential manner. Ensuring accessibility to the facilities and services of the multiple intersectional identities is one of the major priorities of IRC. GBV response and prevention is at the heart of the activities and the center which is staffed by trained service providers including case workers and midwives, to whom women and girls can safely disclose their individual experiences of GBV. In addition to these essential services, the WGSS's offer women and girls a space in which to feel comfortable and enjoy the freedom to express themselves without the fear of being judged or harmed. Community mobilization interventions such curricula designed for adolescent girls and men and boys are also effective interventions to prevent diverse types of abuse, including physical and sexual intimate partner violence (IPV), emotional aggression, and controlling behaviors. These prevention interventions help to change attitudes and norms supportive of violence against women, promote gender equitable behaviors, and economically and socially empower women.
