Social Monitoring Report

Project No: 49329-006

Social Monitoring Report (July - December 2021)

January 2022

Bangladesh: Second City Region Development Project

Prepared by the Local Government Engineering Department, Government of Bangladesh for the Asian Development Bank.

This semi-annual social monitoring report is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature.

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

Semi-Annual Social Safeguard Monitoring Report

(Period: July - December 2021)

Second City Region Development Project

ADB Loan 3808-BAN (COL)/3809-BAN

Project Number: 49329-006

Prepared by Local Government Engineering Department

This report has been submitted to ADB by the Local Government Engineering Department, Government of Bangladesh, and is made publicly available in accordance with ADB's public communications policy (2011).

1. Executive Summary

The general objectives of Second City Region Development Project will be to improve urban environment and infrastructure services in project areas of Dhaka and Khulna regions. The impact of the project will be enhanced growth potential and improved living environment in urban and peri-urban areas in line with the Seventh Five Year Plan. The project outcome will be improved urban environment and infrastructure services that are climate-resilient for the project areas of the Dhaka and Khulna region. The major activities of the project are; a) urban infrastructure in project areas improved and made climate-resilient and b) institutional and community capacities strengthened in selected City Corporations, Pourashavas and Upazilas of Dhaka and Khulna regions.

The urban infrastructure improvement works have been divided into 38 subproject packages for the convenience of project implementation and the project is classified as category B for involuntary settlement and as category C for indigenous peoples. Among the 38 packages 13 have been identified as readiness packages, having minimum resettlement impacts. Required due diligence process was conducted for the 13 readiness packages during subproject design phase to examine the land acquisition and resettlement issues in detail, based on the ADB approved Resettlement Framework prepared in line with the GOB's Acquisition and Requisition of Immovable Property Act, 2017 and ADB's Safeguard Policy Statement (SPS), 2009. Among the 13 readiness packages 12 Due Diligence Reports (DDR) and 1 Resettlement Plan (RP) have been prepared by PMCU and approved by ADB. The RP prepared and approved is for the package Rupganj/W-03 of Rupganj Upazila of Naryanganj District. In Package W-02 of Rupgani Upazila, Naryangani District, it has been found that land acquisition is required for a bridge construction on Kanchan GC - Sorankhali bazar Chanpara RHD road (Ch.0-7300m) (Road ID 367682003) . So, the DDR of Rupganj Package W-02 has been updated and a RP have been prepared for the section of the road having the Bridge. In addition to 13 readiness packages 1 RP for Savar Upazila (Package No. Savar/W-05) and 1 DDR for Manikganj Khal Reexcavation and Development Subproject are prepared and have been approved by ADB. Till the end of this fifth Semi Annual Social Safeguard Monitoring Report period social safeguard due diligence process have been conducted for total 32 packages including the 13 readiness packages.

This fifth Semi Annual Social Safeguard Monitoring Report (January 2021-June 2021) prepared according to the institutional requirements following the ADB provided outline of Social Safeguard Monitoring report. The key findings of this report are; i) Overall weighted progress of the thirteen under construction packages are around 48.00%, the physical works have been continuing following COVID-19 Health and Safety Plans, ii) In package W-03 of Rupganj Upazila of the readiness packages has resettlement impact which requires partial demolition of a combined structure which consist 4 houses, all rooms of this structure are used for residential purposes only, none of these landowners/ structure owners will be physically displaced nor lose more than 10% of their income generating properties. Compensations have paid the APs in October, 2021 iii) In package W-02 of Rupganj Upazila it has been found that 65.88 decimal partial land acquisition from 11 fallow land parcels is required for construction of a bridge, none of these landowners will be physically displaced nor lose more than 10% of their income generating properties. Land acquisition process for construction of this bridge is in progress. iv) project information have been disclosed through public consultations during project preparation and construction phases and by installing project information sign boards at the work sites, v) formation of grievance redress committees and property valuation teams are in progress in the PIUs, necessary government approval received and instructions sent to the PIUs, vi) supervision consultants including field engineers are mobilized in due times vii) Executing Agency has mobilized social safeguard team.

Practical applications of the social safeguard monitoring tools are analyzed in the perspective of current pandemic situation and it has been found that limitations have been faced because of travelling and social distancing limitations. To cope with the problem it has been recommended to focus more utilization the PIU field staff for social safeguard monitoring with periodic supervision of the

PMCU. Actions have been taken to simplify necessary social safeguard monitoring checklists and formats. Recommendation also made to take the advantages of available digital technologies for social safeguard monitoring activities. This report includes the results of these social safeguard monitoring checklists received from the work sites.

2. Background of the Report and Project Description

a) Background/context of the monitoring report

The Second City Region Development Project (CRDP-2) is the second phase of a longer-term, forward-looking, and impact-oriented urban development program using the integrated city region approach to improve spatial and inter-sectoral connectivity as means for accelerating broad-based economic growth. In the City Region Development Project (CRDP), the city region concept is operationalized to include a major city (like Dhaka or Khulna) with its surrounding municipalities and non-municipal urban centers. The experience of CRDP and project preparation activities of CRDP-2 points to the necessity of broadening the spatial coverage of the city region concept to include rural-to-urban connectivity in addition to urban-to-peri-urban linkages as such areas are organically interlinked and warrant immediate intervention to enhance connectivity.

The Second City Region Development Project has been built upon the achievements and lessons learned from the City Region Development Project (CRDP) to promote inclusive and environmentally sustainable economic growth in the two selected city regions – Dhaka Region and Khulna Region. CRDP-2 will support priority infrastructure investment to stimulate urban development and economic growth in the selected city regions of Dhaka and Khulna. In Dhaka Region, CRDP-2 will improve urban connectivity in line with the recommendations of Dhaka Structure Plan. In Khulna Region, the Project will support critical environmental infrastructure that includes solid waste management.

The Project is prepared through the Project Preparatory Technical Assistance (PPTA). An ADB Loan Fact Finding Mission visited Bangladesh during 4-22 July 2018. Based on the findings of the PPTA, discussions during the Mission and outcome of field visits, the Mission prepared Aide Memoire for the Second City Region Development Project. The Development Project Proposal (DPP) for the Project is prepared on the basis of the Aide Memoire.

The Government approved the Development Project Proposal (DPP) for the project on 23 October2018. The Asian Development Bank (ADB) approved the Loan 3808-BAN (COL) and Loan 3809-BAN on 27 August 2019.

Objectives of the Project: The objective of the Project will be to improve urban environment and infrastructure services in project areas of Dhaka and Khulna regions.

Scope of the Project: The impact of the Project will be enhanced growth potential and improved living environment in urban and peri-urban areas in line with the Seventh Five Year Plan. The project outcome will be improved urban environment and infrastructure services that are climate-resilient for the project areas of the Dhaka and Khulna region.

The outputs of the Project: The project outputs and corresponding activities are as follows:

Output -1: Urban infrastructure in project areas improved and made climate-resilient

Activities under output 1:

I. Improvement of Roads in Dhaka City Region:

Improvement of road: 312 km

Construction of bridges/culverts: 1714m

Construction of drain: 91km

II. Improvement of Drainage in Pourashavas:

Construction of drain: 62km Improvement of road: 45 km

Re-excavation/dredging of Khal/Canal: 20 km

Slope Protection: 10 km

Improvement of Bus Terminal: 1 no.

III. Solid waste management:

Composting plant and associated facilities constructed and operational in KCC: 1no.

Output -2: Institutional and community capacities strengthened

Activities under output 2:

Future priority urban investments of at least \$100 million identified and detailed engineering design reports prepared by LGED;

Detailed feasibility study including gender, social and environmental assessment and engineering design for integrated waste management facilities in KCC prepared;

Drainage master plans for 13 pourashavas prepared or updated;

O&M plans including annual budget allocation for all subprojects prepared by all project pourashavas and city corporations with LGED support;

50 staff (including 15 female staff) of project pourashavas and city corporations report increased knowledge on integrated urban planning, sustainable service delivery, and O&M of urban infrastructure; and

At least 200,000 people (at least 50% women) covered under awareness campaigns on reducing, reusing, and recycling solid waste In KCC and 80% report increased awareness.

Location: The project will be implemented in Dhaka City Region and Khulna City Region.

Within Dhaka city region the following City Corporation, Pourashavas and Upazilas are included in the project: Gazipur City Corporation, Savar, Dhamrai, Narsingdi, Kanchon, Kaliakoir, Singair, Sonargaon, Tarabo and Manikganj Pourashava and Savar, Araihazar, and Rupganj Upazila.

Within Khulna city region the following City Corporation and Pourashavas are included in the project: Khulna City Corporation, Nowapara, Mongla, Chalna, Jhikargacha and Jashore Pourashava.

Safeguards Categorizations: Prior to civil works implementation, all the subprojects selected for construction or development to be Screened and Classified using ADB's classification system according to SPS 2009 as follows:

Category- A: Subprojects proposed for construction or development, will fall under this category, if, it caused a significant involuntary resettlement impacts with a physical displacement of 200 or more persons from their residences, or 200 or more persons lose 10% or more of their productive or income generating assets, or 200 or more persons experience a combination of both.

Category- B: Any proposed subproject that includes involuntary resettlement impacts but are not deemed significant considering loss of shelter/houses or productive or income generating assets will be considered for category B.

Category- C: A proposed subproject that has no involuntary resettlement impact.

As per ADB Safeguard Policy Statement 2009, CRDP-2 is a **category B** project in relation to involuntary resettlement issues and **category C** in relation to impact over indigenous peoples (i.e impacts are not significant in relation to loss of properties and productive assets and no impact over indigenous communities).

Institutional Requirements: Following requirements of the ADB Safeguard Policy Statement (2009) and the Operations Manual section on safeguard policy (OM F1), borrowers/clients are required to establish and maintain procedures to monitor the status of implementation of safeguard plans and ensure progress is made toward the desired outcomes. For projects categorized as A or B in Involuntary Resettlement and/or Indigenous People, the Borrowers/clients are required to submit biannual monitoring reports for ADB review.

b) Physical Progress of Project Activities and Scope of Monitoring Report

Physical progress of project activities:

The implementation of the Second City Region Development Project has started from January 2019. The Date of Loan Effectiveness is 19 November 2019. Till now contract signed for 23 packages for Dhaka Region Road and Drainage Improvement works. The emergence of COVID-19 pandemic soon after the signing of contracts and commencement of physical works seriously hampered the progress of works. The contractors continuing the construction works following the recommendations of the COVID-19 Health and Safety Plans approved by ADB. Following paragraphs describe the progress of physical works till now in the project Upazilas and City Corporations.

Gazipur City Corporation (GCC): Out of 3 packages for civil works in GCC contracts have been signed for 2 Packages (GCC/W-01 and GCC/W-02). Up to December 2021, the overall progress of work is 55.12%.

LGED-Narayanganj (Rupganj Upazila): Out of 4 packages for civil works in Rupganj Upazila under Narayanganj District contracts have been signed for 3 Packages (Rupganj/W-02 and Rupganj/W-03). Up to December 2021, the overall progress of work is 37.30%.

LGED-Narayanganj (Araihazar Upazila): Out of 6 packages for civil works in LGED-Narayanganj (Araihazar Upazila) contracts have been signed for 3 Packages (Araihazar/W-01 and Araihazar/W-02). Up to December 2021, the overall progress of work is 47.40%.

LGED-Dhaka (Savar Upazila): Out of 10 packages for civil works Savar Upazila under Dhaka District contracts have been signed for 4 Packages (Savar/W-03 and Savar/W-04). Up to December 2021, the overall progress of work is 50.76%.

Savar Pourashava: There is only 1 package for civil works in Savar Pourashava. Bid Document was prepared, bid invited and contract signed for the Package (Savar Pou/W-01). Up to December 2021, overall progress is 87.00%.

Sonargaon Pourashava: There is one package for civil works in Sonargaon Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Tarabo Pourashava: There is one package for civil works in Tarabo Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Kanchon Pourashava: There is one package for civil works in Kanchon Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Singair Pourashava: There is one package for civil works in Singair Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Narsingdi Pourashava: There is one package for civil works in Narsingdi Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Dhamrai Pourashava: There is one package for civil works in Dhamrai Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Jikorgacha Pourashava: There is one package for civil works in Jhikorgacha Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Jashore Pourashava: There is one package for civil works in Jashore Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Chalna Pourashava: There is one package for civil works in Chalna Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Mongla Pourashava: There is one package for civil works in Mongla Pourashava and contract signed for the Package. Up to December 2021, overall progress is 00 %.

Scope of monitoring report and requirements, reporting period, including frequency of submission: The ADB Public Communications Policy (PCP 2011) refers the Safeguard Policy Statement (SPS 2009) with respect to information disclosure related to project safeguard documentation states that ADB shall post on its website the safeguard documents submitted by the borrower and/or client. These safeguard documents include Resettlement Plan (RP), Due Diligence Report (DDR) and the social safeguard and environmental monitoring reports. To comply with the PCP of ADB, the PMCU, LGED shall submit one semiannual social monitoring report periodically over the total implementation period of the project, covering Resettlement and social safeguard issues. This also has been spelled out in the project document & loan covenant of the CRDP-2 that the borrower/client shall submit the aforesaid reports to ADB.

As mentioned earlier, progress of physical works have been severely impaired by the on-going COVID-19 pandemic. The field data collection and monitoring format compilation works for social safeguard monitoring activity faced limitations due to travel restrictions and maintaining social distancing. However, the works have been resumed and continuing following COVID-19 Health and Safety Plan protocols. The PDS consultants, PIU and PMCU staff managed to give limited field visits during last few months taking COVID-19 precautions.

C) Summary table of identified impacts and the mitigation actions

Table-1: Summary of Involuntary Resettlement Impacts and Mitigation Measures

SI.	Name of Sub-project	Involuntary Resettlement	Requirement of	Mitigation Actions

	Drainage Improvement of Mongla Pourashava: (Package No. Mongla/ W-01)	No IR Impacts	DDR	NA
32	Drainage Improvement of Chalna Pourashava: (Package No. Chalna/ W-01)	No IR Impacts	DDR	NA

Note: Social safeguard documents have been prepared for 32 packages out of 38 work packages ADB provided concurrence on the safeguard documents of 15 packages. There are remaining 3 packages (1 package for Improvement of Drainage in Pourashavas and 2 packages for Dhaka City Region Roads). The plan is to complete the preparation of the social safeguard documents is by July 2021 and 9 packages for Dhaka Region Roads by January 2022.

Resettlement impacts of the subproject Dhaka Region Roads, Rupganj Upazila (Package No. Rupganj/W-03 has been shown in Table 2 to Table 4 of Chapter 3. Resettlement impacts of the subproject Dhaka Region Roads, Rupganj Upazila (Package No. Rupganj/W-02 has been shown in Table 7 to Table 9 of Chapter 3.

3. SCOPE OF IMPACTS

A due diligence process was conducted for the 13 readiness packages during subproject design phase to examine the land acquisition and resettlement issues in detail, based on the ADB approved Resettlement Framework prepared in line with the GOB's Acquisition and Requisition of Immovable Property Act, 2017 and ADB's Safeguard Policy Statement (SPS), 2009. The Project is classified as category B for involuntary settlement and as category C for indigenous peoples. Among the 13 readiness packages 12 Due Diligence Reports (DDR) and 1 Resettlement Plan (RP) have been prepared by PMCU and approved by ADB. The RP prepared and approved is for the package Rupganj/W-03 of Rupganj Upazila of Naryanganj District. Later the DDR of Rupganj/W-02 of Rupganj Upazila of Naryanganj District, have been updated and an RP have been prepared for the road section of bridge construction on Kanchan GC - Sorankhali bazar Chanpara RHD road (Ch.0-7300m) (Road ID 367682003) where Land Acquisition is required.

In addition to 13 readiness packages 1 RP for Savar Upazila (Package No. Savar/W-05) and 1 DDR for Manikganj Khal Re-excavation and Development Subproject are prepared and have been approved by ADB. Due to change in design this RP is in the process of revision. Till now social safeguard documents have been prepared for 32 packages. Among them 30 are DDRs and 2 are RPs (Package No. Savar/W-05 and Rupganj/W-03) and 1 (Package No. Rupganj / W-02) consists both DDR and RP (for the bridge section only).

a) Detail scale and scopes of the project's safeguards impacts of Package Rupganj/W-03

Summary of Resettlement Impacts: The subproject requires partial demolition of a combined structure which consist 4 houses. All rooms of this structure are used for residential purposes only. None of these landowners/ structure owners has been physically displaced nor loosed more than 10% of their income generating properties. 16 trees have been affected by the road and drainage improvement subproject. Safety from dust, noise and other nuisances are ensured during construction by the contractor; it is stated in the TOR of the contractor. The detailed impacts, mitigation measures and entitlements for displaced persons are described in the following tables.

Table-2: Summary of Involuntary Resettlement Impacts

SI	Details	Number	Ownership status	Use	Description of loss	No. of Affected HH	No. of HH Members
1	Structures	1*	Non-title holder of Land. Owner of Structure	Residential	Partial Demolition	4	19
2	Trees	16	Non-title holder. Owner of Trees	Unmatured timber tree	Cut down		

^{*} Combined structure consisting 4 houses. Source: Census Survey, April 2019.

Table-3: Extent of Area Loss of Affected Residential Structure

SI	Structure	Ownership	Total Area of	Total Area	Percentage	Livelihood	Livelihood
	_	Status of	Structure	of Affected	of Structure	impact	impact
	Owner	House	(sq. ft)	Structures (sq. ft)	Loss (Average)	(Permanent)	(Temporary)
1	Md. Kabir Hossain	Owner	560	120	21.43	0	0
2	Delwar	Owner	560	120	21.43	0	0
3	Md. Anwar	Owner	600	105	17.50	0	0
4	Md. Sajjad	Owner	630	135	21.43	0	0

Source: Census Survey, April 2019.

Table 4: Average Market Price of Damaged Structure

SI.	Structure	Resettlement Cost (in Taka)	No. of PAPs	%
No	Owner			
1.	Md. Kabir Hossain	180,000	5	21.875
2.	Delwar	180,000	4	25.000
3.	Md. Anwar	157,500	6	28.125
4.	Md. Sajjad	202,500	4	25.000
	Total	720,000	19	100.000

Note: Considering cost of demolition and reconstruction work is Tk 1500 per sq. ft. Basis for unit rate is based on estimated cost for similar kind of buildings according to LGED schedule of rate 2018.

b) Vulnerability status of the affected people/communities of Package Rupganj/W-03

Vulnerable Households: There are 4 households below poverty line out of 4 the structure owner households.

^{*}A full list of affected structures including the use of structure, livelihood impact, amount of total area and affected area of structure is given in Appendix 1.

Table- 5: Summary of Vulnerable Households/affected persons

SI. No.	Type of Vulnerability	No's of affected HH	No's of affected HH family members
1.	Below Poverty Line (Per Capita ¹ Monthly Income <3156 TK)	4	19
	Total	4	19

Source: Census Survey, April 2019.

C) Entitlements matrix and other rehabilitation measures of Package Rupganj/W-03

The entitlement matrix of package Rupganj W-03 shown in Table 6 summarizes the types of losses incurred by the affected persons and the corresponding entitlements in accordance with the Government and ADB policies.

_

¹ Below poverty line (BPL) of 2018: The below poverty line per capita monthly income is 3156 TK. according to Resettlement Framework of Second CRDP.

Table 6: Entitlement Matrix^a

Types of loss	Specification	Eligibility	Entitlements ^b
1. STRUCTURES			
Residential, agricultural, commercial, community	Partial loss (<30 %) and alteration of structure	Owner (including non- titled land user)	 Cash compensation for lost parts of structure at replacement cost and repair of remaining structure at market rate for materials, labor, transport, and other incidental costs, without deduction of depreciation for age Shifting allowance based on actual cost of moving (e.g., truck hire, equipment, etc.) Right to salvage materials from lost structure Allowed to construct temporary structure on unused part of project land after completion of civil work, through some lease/rent system In case of loss of toilet rendering structure unlivable, replacement with safe sanitation facilities at adjacent or nearby location, or, compensation for the entire structure at the discretion of the owner. Repair any damage caused during construction
		Lessee, tenant	Cash refund of the lease money for the lessee for duration of remaining lease period (to be deducted from the owner)
	Moving of minor structures (fences, sheds, kitchens, latrines, etc.)	Owner, lessee, tenant	 The Affected Person may choose between the following alternatives: Cash compensation for self-reconstruction of structure at market rate (labor, materials, transport, and other incidental costs) Relocation/reconstruction of the structure by the project IN EITHER CASE Access to the affected facility should be to be restored

	Fixed assets	Owner, lessee, tenant	Cash compensation for reinstallation and connection charges
	structures (water supply, telephone lines)	Conditi	
2. INCOME RESTO	RATION		
Trees	Affected trees	Cultivator	 60 days advance notice Value of timber bearing trees will be based on the market price of timber and will be determined by the Forest Department. Cash compensation for timber trees at current market rate of timber value, plus cost of purchase of seedlings/sapling and required inputs to replace trees. Value of fruit-bearing/perennial crop trees will be based on value of products multiplied by number of productive years remaining. Cash compensation for fruitbearing/perennial crop trees at current market rate of crop type and average yield multiplied, (i) for immature non-bearing trees, by the years required to grow tree to productivity; or (ii) for mature cropbearing trees, by 5 years average crops (the grafted/tissue cultured plant usually starts fruiting within 2-3 years), plus cost of purchase of grafted/tissue cultured plant and required inputs to replace trees.
			Department of Horticulture will determine the valuation of fruit-bearing trees.

3. SPECIAL PROVI	SIONS		
Vulnerable APs such as but not limited to womenheaded household, elderlyheaded household, poor household with person with disability, etc. ^C	Loss of land, structure, and/or employment	All vulnerable APs (in all project locations)	 Assistance in identification and purchase or rental of new plot/structure through microcredit scheme Assistance with administrative process of land transfer, property title, cadastral mapping, and preparation of compensation agreements Provision of livelihood training, job placement Included in the project livelihood restoration and rehabilitation program Financial grants and/or microcredit access for livelihood investment as well as organizational/logistical support to establish an alternative income generation activity Subsistence allowance of minimum of 12 months of official minimum wage Preferential selection for project-related employment
social/ religious minorities, poor households	Loss of land and structures	Titled or recognized owners of land and structures	 Titling of replacement land and structures in female owner's/minority/elderly Household head's name (as applicable) Cash compensation paid directly to female owners and head of minority HHs
Other impacts	Unanticipated impacts	All APs	Unanticipated impacts shall be documented and mitigated based on the principles provided in the Resettlement Framework/Resettlement Plan and with compliance with the policy of the Government and ADB. • Standards of the entitlement matrix will not to be lowered

^aThe executing and implementing agencies will receive guidance and assistance from the resettlement specialists of the consultant team to ensure all compensation is provided before displacement occurs and that other entitlements are provided in a timely manner. Construction activity can begin on sections where compensation is paid and which are ready to be constructed. The compensation to displaced persons is to be confirmed through written letter to ADB.

^b All taka values will be adjusted for inflation until the year of compensation payment.

^cVulnerable households/displaced persons include those below the poverty line, the landless, the elderly, women and children, and tribes, minor races, ethnic sects and communities (Indigenous Peoples in the context of ADB SPS, 2009), those without legal title to land, female-headed households, elderly-headed households, disabled-headed households.

d) Detail scale and scopes of the project's safeguards impacts of Package Rupganj/W-02

f) Entitlements matrix and other rehabilitation measures of Package Rupganj/W-02

The entitlement matrix of package Rupganj W-02 shown in Table 11 summarizes the types of losses incurred by the affected persons and the corresponding entitlements in accordance with the Government and ADB policies.

Table 11: Entitlement Matrix^a

Types of loss	Specification	Eligibility	Entitlements ^b
1. LAND			
Agricultural (including crop land, pastures, wasteland, ponds, etc.)	Partial loss of plot (<50%)	Owner (titleholder, legalizable user)	 Cash compensation at replacement cost, c including all transaction costs, such as applicable fees and taxes Provision of title for remaining land to legalizable user Subsistence cash allowance based on income from lost plot: (a) for a period of 6 months if residual land unviable; (b) for a period of 3 months if residual land viable.
2. STRUCTURES		1	
Residential, agricultural, commercial, community	Partial loss (<30 %) and alteration of structure	Owner (including non-titled land user)	 Cash compensation for lost parts of structure at replacement cost and repair of remaining structure at market rate for materials, labor, transport, and other incidental costs, without deduction of depreciation for age Shifting allowance based on actual cost of moving (e.g., truck hire, equipment, etc.) Right to salvage materials from lost structure Allowed to construct temporary structure on unused part of project land after completion of civil work, through some lease/rent system In case of loss of toilet rendering structure unlivable, replacement with safe sanitation facilities at adjacent or nearby location, or, compensation for the entire structure at the discretion of the owner.
		Lessee, tenant	Cash refund of the lease money for the lessee for duration of remaining lease period (to be deducted from the owner)

	Moving of minor structures (fences, sheds, kitchens, latrines, etc.)	Owner, lessee, tenant	 The Affected Person may choose between the following alternatives: Cash compensation for self-reconstruction of structure at market rate (labor, materials, transport, and other incidental costs) Relocation/reconstruction of the structure by the project IN EITHER CASE Access to the affected facility should be to be restored
	Fixed assets attached to affected structures (water supply, telephone lines)	Owner, lessee, tenant	Cash compensation for reinstallation and connection charges
3. INCOME RESTO	RATION		
Trees	Affected trees	Cultivator	 60 days advance notice Cash compensation for perennial crop trees at current market rate of crop type and average yield (i) multiplied, for immature non-bearing trees, by the years required to grow tree to productivity, or (ii) multiplied, for mature crop-bearing trees, by 5 years average crops (the grafted/tissue cultured plant usually starts fruiting within 2-3 years), plus cost of purchase of grafted/tissue cultured plant and required inputs to replace trees Cash compensation for timber trees at current market rate of timber value of species at current volume, plus cost of purchase of seedlings/sapling and required inputs to replace trees
		Parties to sharecrop arrangement	Same as above and distributed between land owner and tenant according to legally stipulated or traditionally/informally agreed share

5. SPECIAL PROVISIONS						
Vulnerable APs such as but not limited to womenheaded household, elderlyheaded household, poor household with person with disability, etc. C	Loss of land, structure, and/or employment	All vulnerable APs (in all project locations)	 Assistance in identification and purchase or rental of new plot/structure through microcredit scheme Assistance with administrative process of land transfer, property title, cadastral mapping, and preparation of compensation agreements Provision of livelihood training, job placement Included in the project livelihood restoration and rehabilitation program Financial grants and/or microcredit access for livelihood investment as well as organizational/logistical support to establish an alternative income generation activity Subsistence allowance of minimum of 12 months of official minimum wage Preferential selection for project-related employment 			
social/ religious minorities, poor households	Loss of land and structures	Titled or recognized owners of land and structures	 Titling of replacement land and structures in female owner's/minority/ elderly HH head's name (as applicable) Cash compensation paid directly to female owners and head of minority HHs 			
Other impacts	Unanticipated impacts	All APs	Unanticipated impacts shall be documented and mitigated based on the principles provided in the Resettlement Framework/Resettlement Plan and with compliance with the policy of the Government and ADB. • Standards of the entitlement matrix will not to be lowered			

The executing and implementing agencies will receive guidance and assistance from the resettlement specialists of the consultant team to ensure all compensation is provided before displacement occurs and that other entitlements are provided in a timely manner. Construction activity can begin on sections where compensation is paid and which are ready to be constructed. The compensation to displaced persons is to be confirmed through written letter to ADB.

^b All taka values will be adjusted for inflation until the year of compensation payment.

^c Vulnerable households/displaced persons may include female-headed households, elderly-headed households, disabled-headed households, indigenous persons/ethnic minority-headed households and Below Poverty Line households.

4. COMPENSATION AND REHABILITATION

a) Process and progress of the implementation of the safeguards plan of Package Rupganj/W-03

The Property Valuation Advisory Team has been approved by the Ministry of Local Government and Rural Development in June 2020 (Annex-3). There is a Resettlement Budget and Financing Plan for this package, and the PIU in Rupganj LGED has released funds for resettlement to the entitled displaced persons. The total resettlement cost for the subproject has been estimated according to the cost items outlined below:

- (i) Compensation for structures and trees, is paid in full before displacement occurs;
- (ii) For vulnerable households, additional subsistence allowance equivalent to Tk.96,000/HH for restoring or enhancing their livelihood. Vulnerable households will be prioritized in any project employment;
- (iii) Provision of temporary access where possible and
- (iv) Restoration structure, utilities after construction is completed.
- (v) Compensation for temporary loss of income due to non-ability to go to work during demolition and repair of their affected structures.

The replacement cost of structures has been determined in the updated Resettlement Plan on the basis of the method described in the Resettlement Framework of the Second CRDP by the Property Valuation Advisory Team. During the construction stage the displaced persons, especially vulnerable displaced persons, are given preference over others in being engaged in project activities suitable to their skills. In order to make the displaced persons employable, the PIU will identify the required skills for the construction activities prior to the commencement of the construction and provide the required training to the displaced persons. These works are in preparatory stage since its progress is impaired by the current COVID-19 situation. However, the PIU of Rupganj LGED is implementing the necessary works conforming the COVID-19 Health and Safety Plan.

A meeting held by the Property Valuation Advisory Team on 20 October 2020 who have revised and approved the value of affected properties for the RP of Rupganj Package W-03. In this meeting compensation for temporary loss of income due to non-ability to go to work during demolition and repair of their affected structures has been omitted by the committee (Annex- 5).

The process of compensation has been completed; recently the ID cards of the affected persons and the payment papers have been prepared, compensation cheques have been handed over to the APs ob 14 October, 2021 (Annex- 9 and Annex-10).

b) Process and progress of the implementation of the safeguards plan of Package Rupganj/W-02

The Property Valuation Advisory Team has been approved by the Ministry of Local Government and Rural Development in June 2020 (Annex-3). There is a Resettlement Budget and Financing Plan for this package, and the PIU in Rupganj LGED will release funds for resettlement to the entitled displaced

persons. The total resettlement cost for the subproject will be estimated according to the cost items outlined below:

- (vi) Compensation for land, is paid in full before displacement occurs;
- (vii) For vulnerable households, additional subsistence allowance equivalent to Tk.96,000/HH for restoring or enhancing their livelihood. Vulnerable households will be prioritized in any project employment;
- (viii) Provision of temporary access where possible and

The cost of land will be determined in the updated Resettlement Plan on the basis of the method described in the Resettlement Framework of the Second CRDP by the Property Valuation Advisory Team. During the construction stage the displaced persons, especially vulnerable displaced persons, will be given preference over others in being engaged in project activities suitable to their skills. In order to make the displaced persons employable, the PIU will identify the required skills for the construction activities prior to the commencement of the construction and provide the required training to the displaced persons.

Land acquisition process for bridge construction is in progress. Documents related to land acquisition for this package are given in (Annex-11).

c) Quantitative as well as qualitative results of the monitoring parameters

PMCU have prepared all the necessary checklists and formats for monitoring social safeguard plan implementation activities in a simplified way, so that it becomes easier for the field level staff to understand and collect information. PMCU and PIU of LGED have started collection of the relevant information of the implementation works conforming the COVID-19 Health and Safety Plan. A sample monthly social safeguard field monitoring checklist has been included in Annex-4.

d) Disclosure of Social Safeguard Documents in PMCU website

Social Safeguard Documents have been (13 DDRs and 2 RPs) disclosed in PMCU website. The link to the website is http://oldweb.lged.gov.bd/ProjectLibrary.aspx?projectID=867.

5. PROJECT DISCLOSURE, PUBLIC PARTICIPATION AND CONSULTATION

a) Project disclosure mechanism, public participation and consultations activities during the project implementation

The PMCU/PIU is conducting meaningful consultation with APs, their host communities, and civil society for every project and subproject identified as having involuntary resettlement impacts. Meaningful consultation is a process that: (i) begins early in the project preparation stage and is carried out on an ongoing basis throughout the project cycle; (ii) provides timely disclosure of relevant and adequate information that is understandable and readily accessible to affected people; (iii) is undertaken in an atmosphere free of intimidation or coercion; (iv) is gender inclusive and responsive, and tailored to the needs of disadvantaged and vulnerable groups; and (v) enables the incorporation of all relevant views of affected people and other stakeholders into decision making, such as project design, mitigation measures, the sharing of development benefits and opportunities, and implementation issues. Consultation is being carried out in a manner commensurate with the impacts on affected communities. The EA is paying particular attention to the need of disadvantaged or vulnerable groups, especially those below the poverty line, the landless, the elderly, female headed households, women and children, Indigenous Peoples, and those without legal title to land.

Public consultations during preparation of DDRs and RPs: During the preparation of DDRs and RPs of 13 readiness packages adequate and meaningful public consultations were conducted with participation of people from different social strata. The details of these public consultations indicating date, place, issues discussed findings are included in respective sections and appendices of these reports (DDRs and RPs). The details of the public consultations indicating date, place, issues discussed findings is included in Annex-8. During this semi- annual reporting period public consultations were held for due diligence document preparations of 4 packages, they are; Savar W-06, Rupganj W-04, Araihazar W-05 and Araihazar W-06. The details of the public consultations indicating date, place, issues discussed findings is included in Annex-12.

Orientation workshops during commencement of the project: An Orientation Programme (Workshop) held at LGED, Narayanganj District Office on 22 October, 2019 to disseminate and share experience and information to provide detailed and specific guidance and advice to all PIU staff and Contractors and others on matters to be covered during implementation. In particular there needs to be a focus on contractual and safeguards issues and the detailed responsibilities and activities of PIU LGED, contractors, and PDS consultants. The objective was to ensure that all participants understood the principles of the environmental safeguards and for the participants to be familiar with their roles and responsibilities during the construction phase.

Another Orientation Programme (Workshop) held at LGED, Dhaka District Office on 12 November, 2019 to disseminate and share experience and information to provide detailed and specific guidance and advice to all PIU staff of LGED, Dhaka, Gazipur City Corporation and concerned Contractors and others on matters to be covered during implementation. In particular there needs to be a focus on contractual and safeguards issues and the detailed responsibilities and activities of PIU LGED.

On September 10, 2020 an Orientation Programme (Workshop) held at LGED, Narayanganj District Office for the contractors representatives of Package Rupganj W-01, PIU and PMCU staff. Details of this consultation are attached in Annex-6.

An information exchange meeting held on November 28 at PMCU, Dhaka for the PMCU, PIU and PDSC staff. Details of this consultation are attached in Annex-6.

An orientation Session on Safeguard Issues on CRDP2, LGED was held on 22nd March 2021 at Regional Training Centre (RTC), LGED Dhaka. Project Director (PD), CRDP2, LGED inaugurated the session. Executive Engineer (XEN), LGED, Dhaka and Team Leader (TL), Preparation, Design, Supervision Consultant (PDSC) delivered Introductory Remarks. Participants were Technical Staff of concerned PIUs and PDSC. Input on Environment Safeguard, Social Safeguard, Gender and Development (GAD) was delivered by concerned Specialists of PDSC. Total 32 participants including three female participants attended the session.

During this semi- annual reporting period 9 Orientation Workshops on Contract Management were held in different Pourashavas. The objective of Orientation Workshop On Contract Management was to orient participants on Project Objective / Output / Geographical Coverage / Events Cycle, Contract Management, Quality Assurance: Specification and Frequency, Social and Environmental Safeguard Issues, Gender Action Plan, Work Zone Safety and Procedures to be followed. A snapshot on these consultations has been appended in Appendix-12.

Public consultations during implementation of works: Till sixth quarter of the project implementation community consultations have been done in 6 packages out of the 13 contract signed packages. Issues of social and environmental safeguard, gender, quality and progress of works were discussed during these consultation processes. DDRs have been updated based on these public consultations. Following table shows social safeguard status of sub-projects in connection to preparation of social safeguard documents up to December 2020.

Table 7: Public consultation status for Subprojects of different ongoing packages

SI. No.	Name of Sub-project	Involuntary Resettlement (IR) impacts	Requirement of Resettlement Plan (RP) / Due Diligence Report (DDR)	Consultation Status as of December 2021
	Dhaka Region Roads: Gazipur City Corporatin (Package No. GCC/W- 01)	No IR Impacts		Public consultation conducted and DDR updated based on latest field consultations.

Consultations workshops on preparation of Drainage Master Plans:

A Consultation Workshop held at Singair Pourashava on 28 October, 2019 with the Community and Stakeholders of the Pourashava on the "Drainage Master Plan" prepared for the Pourashava. The Objective of this process is to disseminate information about drainage master plan and their recommendation and participation of stakeholders in the planning process to create a sense of ownership among themselves. The specific objectives are to (i) Evaluate the present situation of drainage system and identify the drawback and (ii) Find a way forward to address the identified issues through the planning process. The Mayor, Singair Pourashava, elected Ward Councilors including Women Councilors of the Pourashava, other professional and technical staff of Pourashava, representatives from Mosques and Temples, Schools and Training centres, local Businesses, etc. participated in the consultation. The meeting discussed and recommended some changes in drainage alignment and finally approved the Drainage Master Plan by the Mayor on behalf of the participants. The Mayor and the Consultants emphasized the need to proceed with the Drainage Master Plan and the sub projects in order to maintain the Government of Bangladesh and ADB investment program.

Similar Consultation Workshop with the concerned community also held in Jhikorgacha Pourashava (22 December, 2019), Nowapara Pourashava (23 December, 2019), Chalna Pourashava (24 December, 2019) and Manikganj Pourashava (31 December, 2019).

Similar Consultation meetings were held during July 2020 to December 2020 at Narshingdi Pourashava (2 September, 2020), Mongla Pourashava (11 October, 2020), Tarabo Pourashava (28 October, 2020)

and Kanchan Pourashava (November, 2020). Particulars of these consultation meetings have been given in Annex-6.

Orientation Session on Safeguard Issues:

An orientation session on safeguard issues on CRDP2, LGED was held on 22nd March 2021 at Regional Training Centre (RTC), LGED Dhaka. Project Director (PD), CRDP2, LGED inaugurated the session. Executive Engineer (XEN), LGED, Dhaka and Team Leader (TL), Preparation, Design, Supervision Consultant (PDSC) delivered Introductory Remarks. Participants were Technical Staff of concerned PIUs and PDSC. Input on Environment Safeguard, Social Safeguard, Gender and Development (GAD) was delivered by concerned Specialists of PDSC. Total 32 participants including three female participants attended the session. Particulars of these consultation meetings have been given in Annex-8.

During this semi-annual reporting 2 new Orientation Session on Safeguard Issues were conducted. One was held on 15/9/21 at Savar Pourashava and held on 19/9/21 at Tarabo Pourashava.

6. GRIEVANCE REDRESS MECHANISM (GRM)

A Grievance Redress Mechanism (GRM) has been framed following the approved Resettlement Frameworks (RF) of the project with the objective of mainly to receive and facilitate resolution of Affected Person's (APs), complains & grievances to ensure project safeguard performance. The grievance mechanism should be scaled to the risks and adverse impacts of the project. It should address displaced persons concerns and complaints promptly, using an understandable and transparent process that is genderresponsive, culturally appropriate, and readily accessible to all segments of the affected people at no costs and without retribution. The mechanism developed shall be in a manner that it shall not impede access to the existing judicial or administrative remedies. The DPs will be appropriately informed about the mechanism.

The Grievance Redress Mechanism (GRM) for this project to be implemented in three levels. The *first level* and most accessible and immediate venue for the fastest resolve of grievances is the PIU, chiefly through the resettlement safeguards officer and Project Manager, with assistance from the safeguards consultants of the PMCU/MDSC. Grievances at this level will be resolved through continuous interactions with affected persons and the PIU and will answer queries and resolve grievances regarding various issues including land acquisition, structures acquisition, livelihood impacts, entitlements, and assistance. Corrective measures will be undertaken at the field-level itself within seven days. All grievances will be documented with full information of the person and issue.

If any grievances remain unresolved at the first level, the PIU's Project Manager, should activate the **second level** of the GRM by referring the issue (with written documentation) to the local Grievance Redress Committee (GRC) of the City Corporation/ Pourashava Upazila, who will, based on review of the grievances, address them in consultation with the Safeguards Officer of the PIU and PMCU, and affected persons. A hearing will be called, if necessary, where the affected person can present his concern/issues. The process will promote conflict resolution through mediation. The local GRC will consist of the following persons: (i) Chief Executive Officer of the City Corporation/ Pourashava / Upazila (GRC Chair); (ii) Representative of the mayor of the City Corporation/ Pourashava / Upazila; (iii) Representative of the affected persons; (iv) Official of the land registry department; (v) Official of the DoE divisional office; (vi) Town planner of the City Corporation/ Pourashava / Upazila; and (vii) Environmental / Social safeguards Officer of the PIU. The local GRC shall meet twice a month, unless the Project Director informs that there are no grievances to address, or they shall meet as needed as per the severity of the grievance. The local GRC will suggest corrective measures at the field level and assign responsibilities for implementing its decisions.

If the grievance still remains unresolved at the second level, the PIU Project Manager, will activate the *third level* of the GRM by informing the PMCU Project Director who will, based on review of the local GRC minutes and consultation with the PIU Project Manager, activate the PMCU level GRC. This committee shall comprise the following representatives:(i) Project Director PMCU, (ii) Environmental / Resettlement Safeguards Officer of the PMCU; (iii) Representative from Land Ministry, (iv) Representative from DoE; (v) Representative of the DPs; and (vi) Environmental / Social Safeguards officer of the PIU.

The GRC at the PMCU level shall meet based on the receipt of grievances, and the meeting shall be convened within 7 days of receipt of the grievance by the PMCU, and grievances redressed with 15 days. The Environmental / Resettlement Safeguards Officer of the PMCU will be responsible for processing and placing all papers before the PMCU GRC, recording decisions, issuing minutes of the meetings and taking follow-up action to see that formal orders are issued and the decisions carried out.

In the event that a grievance is not addressed by the PIU, local GRC, or the PMCU GRC, the DP can seek legal redress of the grievance in the appropriate Courts (the *fourth level* of the GRM). A grievance redress mechanism and procedure is depicted in **Figure-1**

Figure 1: Grievance Redresses Mechanism and Procedure.

In compliance with the ADB Loan Agreement and approved Resettlement Frameworks (RF), LGED shall establish Grievance Redress Committee (GRC) at PMCU level & one local GRC at each PIU level acceptable to ADB. The objective of such a GRM is to redress any grievances arising from resettlement, compensation and environmental impact during subproject implementation. In this connection, the Local Government Division (LGD) under the Ministry of LGRD&C issued the office order via memo no.46.068.005.00.00.018.2020-455; dated: 7 June 2020 for the formation of GRC under the GRM for the PIUs under City Region Development Project (Please find GRC Office Order as Annex-2). Following aforesaid office order, GRCs formation process has been initiated at each PIU level.

7. INSTITUTIONAL ARRANGEMENT

Resettlement frameworks were prepared during the PPTA, which provide the basis for safeguard management and monitoring. The RF also sets out the organizational structure for resettlement and social safeguard management within the PMCU and PIU supported by Safeguard Specialists & staffs. Moreover, organizational structure including consultation, participation and disclosure and the grievance redress mechanism also were indicated in the RF, which will be followed during subproject preparation with necessary adjustments pertaining to the practical situation Institutional arrangement currently in force for managing the social safeguards issues under the project are as follows:

Project Management and Coordination Unit (PMCU): The Local Government Engineering Department (LGED), the Executing Agency (EA) is responsible for overall guidance and project implementation. A Project Management and Coordination Unit (PMCU), headed by a Project Director, is implementing the project investments and responsible for overall planning, management, coordination, supervision and progress monitoring of the project activities. The PMCU is ensuring compliance with assurances, including safeguards and preparing and submitting necessary safeguard reports, resettlement plan monitoring updates, etc. To ensure effective implementation of the land acquisition and resettlement aspects, one full time PMCU resettlement and environment safeguard officer is on board and is primarily responsible for the compliance to the Statutory and legal requirements of GoB including overseeing safeguard compliances and RP preparation/updating etc.

Project Implementation Unit (PIU): Project Implementation Units (PIUs) are entrusted with the responsibilities for planning, design and implementation of each respective subproject. The PIU also are responsible to ensure compliance with safeguards requirements of the Government and ADB and for day-to-day monitoring of the project progress, including implementation of the resettlement provisions in the project and produce progress reports on all aspects concerning planning, implementation and monitoring of the land acquisition and resettlement issues and report to the PMCU. Safeguards focal persons are established for Dhaka, Naryanganj, GCC and Savar Pourashava PIUs.

Preparation, Design and Supervision Consultants (PDSC): A Preparation Design and Supervision Consultant (PDSC) on board are carrying out the detailed design, supervision and management of the subprojects including the sample subprojects. Future subprojects will also be taken into consideration for the detailed design including the safeguards planning. The PDSC have one Social Development and Gender Specialist (SDGS) and one Community Development Specialist (CDS). They were responsible to carry out the social impact assessment and gender issues and to closely work with the PMCU's safeguard consultants for updating/finalizing required social safeguard documents (DDRs & RPs) based on the detailed engineering design including implementation and monitoring of social safeguard issues and RP implementation.

The organizational arrangements for RP & other safeguard documents preparation and implementation including monitoring of different social safeguard issues depicted in **Figure-2**.

Figure 2: Organization Chart for Managing the Social Safeguard Issues

8. MONITORING RESULTS-FINDINGS

Following are the results against the social safeguard status monitoring indicators;

Design and Engineering Status: Out of the 13 readiness packages under CRDP-2, the preliminary designs of 11 subprojects do not require any changes or updates. So, the ADB approved draft DDRs and RPs are prevailing. The design of package Savar W-05 has been modified and the revision of RP is in progress. One package envisage design change (Savar –W02) and RP may require to be prepared for the changed portions of the subprojects.

Institutional Status Readiness: Contractors have been mobilized for 13 packages. Project Supervision Consultants including Field Engineers are mobilized too in due times. The Executing Agency has mobilized social safeguard team consisting Community Mobilization Specialist, Resettlement Officer, Social Safeguard and Gender Specialist.

Safeguards Requirements: The Quarterly Progress Report and Semi Annual Social Safeguard Monitoring Reports covers social safeguard issues. The eighth Quarterly Progress Report already prepared and submitted to ADB by PMCU. Local Government Division (LGD) under the Ministry of LGRD&C issued the office order in June 2020 for the formation of GRC under the GRM for the PIUs under Second City Region Development Project (Annex-2). Formation Grievance Redress Committee is in progress, initiated at each PIU level.

RP/ IPP Monitoring: No Indigenous people are affected by any intervention of CRDP-II. Only one package (Rupganj W-03) has resettlement impacts out of 13 readiness packages. The details of resettlement impacts are given in Chapter 3 (Scope of Impacts) of this report. The RP of package Rupganj W-03 contains a resettlement budget and financing plan, PMCU and PIU already mobilized safeguard staff and maintaining safeguard database. Property Valuation Teams at the PIUs have been formed. Translation of two RP summary in local language has been completed and another is in progress. The project activities are already disclosed by installing by installing project signboard. The formation of Grievance Redress Committees in the PIUs has been initiated upon getting the GRM office order in June 2020. The records of affected assets have been prepared but detail measurements are done during construction works at the relevant section of the road. ID cards of the APs of Rupgani Package W-03 have been prepared (Annex-9). The compensation process to the APs of this package has been completed (Annex-10). Land acquisition process for Rupganj Package W-02 is in progress, no objection certificate from the Urban Development Directorate have been obtained (Annex-11). Monthly monitoring reports are being submitted by PIU to PMCU (Annex-4). PMCU is consolidating monthly reports into semi-annual monitoring reports or as part of the regular project reporting and submitting to ADB.

9. FOLLOW UP ACTIONS, RECOMMENDATION AND DISCLOSURE

This section describes recommendations and further actions or items to focus on for the remaining monitoring period. It also includes lesson learned for improvement for future safeguards monitoring activities. Disclosure dates of the monitoring report to the affected communities should also be included. A time-bound summary table for required actions should be included.

Existing Tools and Methods of Social safeguard Monitoring: The social safeguard monitoring tools are prescribed in the Resettlement Framework, RPs, DDRs and other project documents. By using these tools Social safeguard and Resettlement monitoring is done by PMCU. The methods of monitoring include administrative methods of PMCU; focusing primarily on scheduling of activities and details of compensation and payment status following the RP. Other monitoring methods are; direct one-on-one communications with APs, in connection to property valuation & compensation payment, outcomes of grievances and redresses of grievances and over all physical progress of resettlement plan implementation in a specific context.

But the application of these tools in the field could not done exhaustively; because, the physical work of the road section having resettlement impacts have not started yet and the works of other sections were temporarily paused due to the emergence COVID-19 pandemic. The social safeguard monitoring activities have been resumed in a limited way since the work sites reopened complying the COVID-19 Health and Safety Plans approved by ADB.

Lesson learned for improvement for future safeguards monitoring activities: Due the travelling limitations during COVID-19 pandemic period focus will be given to more utilization of the PIU field staff for social safeguard monitoring with periodic supervision of the PMCU. In this connection necessary checklists and formats for monitoring social safeguard plan implementation activities are being prepared by PMCU in simplified ways. The advantages of available digital technologies may be taken for social safeguard monitoring activities. PMCU and PIUs have started collection of the relevant information recently. The results of monitoring parameters are included in this Semi Annual Social Safeguard Monitoring Report. A time-bound summary table for required actions is given below with tentative time-frame.

Table 8: Time-bound summary table for required actions

Actions	Responsibility	Time Frame (Tentative)	Progress Status

প্ৰাথমিক জৱে থাকৰে অভিযোগকাৰীৰ সহজে যোগায়েংগৰ সুযোগ ও অভিযোগসমূহ যুগু লহাখানের ব্যবস্থা। এ ছবে PIU-প্রধান সংশ্লিষ্ট PIL)-এর একজন কর্মকার্ডাকে কোকাল পার্সন ছিলেতে নিয়োজিক করবেন। ভোকাল পার্সন কবিপ্রভেত व्यक्तिपान श्रेष्ट्रन करा. हुक निवस्तान विद्याल श्रेष्ट्रन कवादनः कविश्रश्चलव प्रामाध्यालव मृतियाव कना क्यांकान नार्नद्रतव মোবাইল নম্বৰ উপ-প্ৰকল্প এলাকাৰ পুৰুত্বপূৰ্ণ স্থানে বুলিছে দিতে হবে৷ কভিনুদ্ৰ ব্যক্তিগ্ৰাক্তিবংশীৰ কাছ খেকে দিখিত অভিযোগ প্রান্তির পর ফোকাল পার্সন বিষয়টী অধিলতে প্রাথমিক স্বরে গঠিত কমিট্রতে কেমিট্রির কার্যপরিধির ১নং দায়িতের নিরিখে) উপস্থাপন করবেন।

প্রথম ছরের স্থানীয় অভিযোগ নিরসন কমিটি:

- (১) নির্বাহী প্রকোশলী/সহকারী প্রকোশলী, সংশ্রিষ্ট নিটি কর্পোরেশন ------ সভাপত্তি
- (২) সিআরভিপি-২ প্রকল্পের কনসালটেন্ট (সেচগার্ড এক্সণার্ট) ----- সহস্য
- (৩) পরিবেশ্পামাজিক পুরক্ষা ফোকাল কর্মকর্তা, সংশ্রিষ্ট নিটি কর্পোরেশম ----- সমস্য-সচিব

প্রথম স্বরের স্থানীয় জভিযোগ নিরসন কমিটার কার্যপরিধি:

- ক্ষবিপ্রায় ব্যক্তির অভিযোগ প্রহণ এবং পারম্পারিক আলোচনার ভিত্তিতে তা নিরসন করা,
- অভিযোগকারীর অভিযোগ গ্রহণের ৭ দিনের মধ্যে অভিযোগ নিশ্বতিকরণের ব্যবস্থা করা, (4)
- কৃমি এবং অবকারমো (Structures) অধিশ্রহণ, জীবিকা অর্জনের এপর প্রভাব, প্রাণা অভিশূরণ (Entitlements) এবং বিভিন্ন সহযোগিতা সম্পর্কে কবিরায়দের অবহিত করা,
- অভিযোগকারী ব্যক্তির অভিযোগ সংক্রায় যাবতীয় তথ্যাবলী লিপিবছ করা, 003
- মচিযোগ নিশ্বতি সংক্রায় ঘাবতীয় বেকর্ত ও সভার কার্যবিবরণী হ্যান্থভাবে সংরক্ষণ এবং প্রকল্প ব্যবস্থাপক (লুয়ে-প্রধান) এর মাধ্যমে প্রকল্প পরিচালক-কে অবহিত্র করা।

প্রাথমিক স্বরে কোনো অভিযোগ করীয়াংসিত বাকলে প্রাথমিক সম্মন্তে গঠিত কমিটির সদস্য-সচিব (ফোকাল পার্সন) প্রকল্প অবস্থাপক (PIU-প্রধান) - এর মাধানে সিটি কর্পোরেপনে পরিত দ্বিতীয় ছত্তের স্থানীয় অভিযোগ নিরসন কমিটি-এর নিকট অভিযোগটি লিখিকভাবে জানাদেন। মেয়বের লিখিক পত্র প্রান্তির পর দ্বিনীয় স্বরের অভিযোগ নিরুসন প্রক্রিয়া পুরু হবে।

দিন্তীয় মধের স্থানীয় অভিযোগ নিরসন কমিটি:

- (b) প্রধান নিবাছী কর্মকর্ত্তাসভিত্ সংক্রিছ সিটি কর্মোরেশন ----- সভাপরি
- (২) মেয়ার এর প্রতিনিধি, সংক্রিয় নিটি কর্মোরেশন ------
- (a) ক্ষতিপ্ৰস্থ ব্যক্তিবৰ্গের প্রতিনিধি, সংশ্লিষ্ট সিটি কর্ণোরেশনস্পৃস্য
- (ম) স্থানীয় দুমি বেজিন্মি দশ্ববের প্রতিনিধি------
- (৫) পরিবেশ অধিনপ্রবের বিভাগীয় দপ্তরের প্রতিনিধি সদস্য (৬) নগর পরিকল্পনাবিদ, সংখ্রিট সিঠী কপৌরেশন সংস্থ
- (৭) পরিবেশ/সামাজিক সুরক্ষা জোকাল কর্মকর্ত্তা, সংশ্লিষ্ট সিটী কর্পোরেশন ----- সদস্য-সচিব

দ্বিনীয় প্ররের স্থানীয় অভিযোগ নিরসন কমিটির কার্যপরিকি:

- (3) এ পর্যায়ে প্রকল্পে করিপ্রক্ষ বাজিদের সম্পদ অধিপ্রহণে (ছার্মী/জন্মার্মী ভাবে) করিব পরিমাণ (পুশুমার ভৌত পরিমাণ-Physical Quantity) निर्मातन अनर ऋकिन्त्रन शास्त्रिक महत्यानिका करा,
- (২) কবিপ্ৰথ ৰাজিৰ অভিযোগ পুনৰ্বাসন নীৰিমালাৰ আওৱাৰুক্ত হলে প্ৰকল্প কৰ্তৃপক্ষৰ মাধ্যমে কভিপুৰণ প্ৰায়িতে নহগোণিতা করা,
- কবিপ্রাছদের কবিযোগসমূহ ধরণ অনুযায়ি বিনাস করে অপ্রাধিকার বিভিত্ত ১ মাস সমায়ের মধ্যে সমাধান করা,
- (৪) অভিযোগকারীর অভিযোগ বিষয়ে অপ্রণতি এবং কমিটির সিম্নান্ত অভিযোগকারীকে ভ্রুবহিত করা,
- (৫) অভিযোগনারীর অভিযোগ বিষয়ে অপ্রগতি এবা নিরসন কমিটির সিরায়সমূহ সিরায়সমূহ প্রকল্প বারত্বাপক (PIU-প্রধান), নিটি কর্পেরেশন এর মাধামে প্রকল্প পরিচালক-কে অববিদ্ধ করা,
- (6) অভিযোগ নিরসন কমিটি মাসে লক্ষর: ২ বার সভায় বসবে। প্রমীমাংসিক অভিযোগের সংখ্যার ভিত্তিতে এবং প্রকল্প পরিচালকের নাথে আলেজনা করে মাদিক সভার সংখ্যা ব্লাস বা বৃদ্ধি করা খাবে।

Office Order

Under the Second City Region Development Project, where LGED is the implementing/executing agency, Grievance Redress Committees (GRCs) have been formed at Pourashava, City Corporation and LGED levels to redress the reported grievances resulting from the subproject implementation. These Committees are to redress the reported grievances in a procedural basis and it is being done in a quick and timely fashion.

(i) At Pourashava Level:

Grievance Redress Committee (GRC) and Grievance Redress Mechanism (GRM):

The GRM will be implemented in three levels. First and Second Levels shall involve at Pourashava and the Third at Project Level.

First Level: The first level and most accessible and immediate venue for the fastest resolve of grievances is the PIU. At this level, PIU Head (Mayor of Pourashava) shall appoint/nominate an Officer from the concerned PIU as Focal Person. The Focal Person will document the grievances of the affected persons and will take initiative for quick resolution. The contact cell phone number of the Focal Person will be posted at important places of the project areas. After receiving the written complaints from the project affected person/s, the Focal Person shall immediately place it to the First Level Committee (as per committee's work-clause No. 2).

First Level Grievance Redressal committee (at Local Level):

- 1) Executive Engineer/Assistant Engineer of concerned PIU------Chairman
- Consultant of CRDP-II (Safeguard Expert/Specialist-------Member
- 3) Environmental/Social Safeguard Focal Officer of concerned PIU-------Member Secretary

Scope of Work of First Level Grievance Redressal Committee (at Local Level)

- 1) Document the grievances of affected persons (AP)and resolved these through continuous interactions.
- 2) Once the grievances of AP is received/reported, these to be resolved within 7 (seven) days of receipt of the complaint,

- 3) Make aware the APs regarding land acquisition, structures acquisition, livelihood impacts, entitlements, and various assistances related to the above,
- 4) All grievances will be documented with full information of the person and issue,
- 5) Resolved grievances and other related records and minutes of meeting are to preserve properly, and make the Project Director aware this through the Mayor.

Second Level: If the grievance remains unresolved at First Level of Pourashava, the Member Secretary (Focal Person/Officer) of the First Level, through the Mayor, shall refer the case/issue with written documentation to the Second Level GRC formed at Pourashava Level. The Mayor, after receiving a written letter containing the above fact, shall activate the Second Level of the GRM.

Second Level Grievance Redressal committee (at Local Level):

- 1) Chief Executive Officer/Secretary of concerned Pourashava------Chairman
- 2) Representative of the Mayor of concerned Pourashava------Member
- 3) Representative of Affected Persons of concerned Pourashava -------Member
- 4) Official Representative of the land registry department------Member
- 5) Official Representative of the DOE Divisional Office-------Member
- 6) Town planner of the Pourashava or City Corporation------Member
- 7) Environmental/social safeguard Focal Officer of concerned Pourashava------Member

Scope of Work of Second Level Grievance Redressal Committee (at Local Level)

- 1) Provide support to affected persons on problems arising from land acquisition (temporary or permanent), asset acquisition and eligibility for entitlements, compensation and assistance.
- If any affected person's claim of loss is valid under the context of statutory laws pertaining to relocation, the committee must help the complainant in being recompensed by the project authority,
- 3) Record grievances of affected persons, categorize and prioritize them and provide solutions within 30 days from receipt of grievance from the first level,
- 4) Report to the aggrieved parties about developments regarding their grievances and decisions of the GRC,
- 5) The progress of resolve and decisions made by GRC related to the grievances of the complainant must be informed to the PD through the Mayor of the Pourashova,
- 6) The GRC must hold at least two meetings a month. The number of meetings held may be increased or decreased based on the existing number of unresolved cases and making discussion with the PD.

Third Level: Should the grievance still remain unresolved, the Project Manager (the Mayor) of concerned Pourashava will activate the third level of the GRM by informing quickly the Project Director who will, based on review of the local GRC minutes and consultation with the local GRC Chair (the Mayor), activate the Third Level GRC.

Third Level Grievance Redressal committee (at Project Level):

- 1) Project Director, CRDP-II Secretary of concerned Pourashava------Chairman
- 2) Representative from Land Ministry -concerned Pourashava------Member

- 3) Representative from Department of Environment (DOE)------Member
- 4) Environmental/social safeguard Focal Officer of concerned Pourashava------Member
- 5) Representative of Affected Persons of concerned Pourashava-- ----- Member
- 6) Environmental/social safeguard Focal Officer from CRDP-II------Member Secretary

Scope of Work of Third Level Grievance Redressal Committee at Project Level

- The Environmental and/or Social Safeguards Officer of the PMCU will be responsible for processing and placing all papers related to the grievances and earlier decisions before the Project Level GRC
- 2) A meeting shall be convened within 7 (seven) days just after receiving the complaint at the Project Level,
- 3) The GRC at Project Level will conveyed decision within 15 (fifteen) days of the receipt of the complaint,
- 4) Environment/Social Safeguard Officer at Project Level shall record the decisions taken at the GRC meeting and issuing minutes of the meeting/s,
- Environment/Social Safeguard Officer at Project Level, after discussion with, shall take necessary actions regarding the progress of the implementation of the decisions taken by the GRC

(ii) At City Corporation Level: Necessity of Grievance Redressal Committee (GRC)

During the implementation of CRDP-II, if any private property/asset (temporary/permanent) gets damaged and if any grievances are raised by the affected persons, then in order to resolve such issues, it becomes mandatory/ compulsory to form a GRC at City Corporation Level. The formed GRC would play an effective role in receiving and resolving the grievances/complaints raised by the affected persons that may cause from the implementation of projects and subprojects of the City Corporation. The process of resolving so and so complaints would be considered as a part of policies relating to safeguard of the project. In this process, the grievances of aggrieved person or persons must be addressed and resolved in a transparent and timely manner. The process to be implemented should not be gender sensitive and should be free from any cultural biases. It should be ensured that in this form of resolve, the affected persons can easily accept the process of achieving the resolve and they do not require spending any money for it. The affected persons must gradually be given accurate and elaborate information on this process of grievances redressing.

Grievance Redressal Committee and Settlement Process

The grievances redress process will be implemented at 3 (three) levels. The First and Second Levels will be addressed at City Corporation Level and the Third at Project Level.

First Level: At the First Level, the complainant/AP shall have easy accessibility to the venue and a fastest resolve of grievances system. In this stage, the PIU Head shall appoint an Officer of the concerned PIU as a focal person of the project. The focal person will receive complaints from the victims and make an effort for prompt grievance redress. In order to provide ease of communication, the focal person's mobile number needs to be put up in an important place of the project area. Upon receipt of a written complaint/s from the victim or persons, the Focal Person shall immediately refer the matter to the committee formed at the primary level (as per scope of work no. 2 of the Committee in terms of responsibility)

First Level Local Grievance Redressal committee

- 1) Executive Engineer/Assistant Engineer of concerned City Corporation------Chairman
- 2) Project Consultant (Safeguard Expert) of CRDP-II------Member
- 3) Environmental/Social Safeguard Focal Person of concerned City Corporation----- Member Secretary

Scope of work of the First Level Grievance Redressal Committee (at Local Level)

- Upon receipt of the complaints from the affected/aggrieved person, grievances are being resolved through discussions
- 2) Once the grievances of AP is received/reported, these are to be resolved within 7 (seven) days of receipt of the complaint,
- 3) Inform the affected persons about land acquisition, structures acquisition, livelihood impacts, entitlements, and about various assistance/collaboration,
- 4) All the information related to the complaint of the complainant is recorded,
- 5) To preserve properly all records and minutes of meetings related to grievance redressal and inform the Project Director through the Project Manager (Head of PIU).

Second Level: If the grievance remains unresolved at First Level, the Member Secretary (Focal Person/Officer) of the First Level, through the Project Manager (Head of PIU) shall refer the case/issue with written documentation to the Second Level GRC formed at City Corporation Level. The Mayor, after receiving a written letter containing the above fact, shall activate the Second Level of the GRM.

Second Level Grievance Redressal committee (at Local Level):

Scope of Work of Second Level Grievance Redressal Committee (at Local Level)

- 1) Provide support to affected persons on problems arising from land acquisition (temporary or permanent), asset acquisition and eligibility for entitlements, compensation and assistance.
- If any affected person's claim of loss is valid under the context of statutory laws pertaining to relocation, the committee must help the complainant in being recompensed by the project authority
- 3) Record grievances of affected persons, categorize and prioritize them and provide solutions within 30 days from receipt of grievance from the first level
- 4) Report to the aggrieved parties about developments regarding their grievances and decisions of the GRC.
- 5) The progress of resolve and decisions made by GRC related to the grievances of the complainant must be informed to the PD through the Project Manager (Head of PIU) of City Corporation.

6) The GRC must hold at least two meetings a month. The number of meetings held may be increased or decreased based on the existing number of unresolved cases and making discussion with the PD.

Third Level: Should the grievance still remain unresolved at second level, the Project Manager (Head of PIU) will inform the Project Director quickly. The Project Director will activate the third level of the GRC at the project level based on review of the local GRC minutes and consultation with the Head of PIU.

Third Level Grievance Redressal committee (at Project Level):

- 1) Project Director, CRDP-II ------Chairman
- 2) Representative from Land Ministry ------Member
- 3) Representative from Department of Environment (DOE)------Member
- 4) Environmental/social safeguard Focal Officer of concerned Pourashava------Member
- 5) Representative of Affected Persons ------ Member
- 6) Environmental/social safeguard Focal Officer from CRDP-II-------Member Secretary

Scope of Work of Third Level Grievance Redressal Committee at Project Level

- The Environmental and/or Social Safeguards Officer of the PMCU will be responsible for processing and placing all papers related to the grievances and earlier decisions before the Project Level GRC
- 2) A meeting shall be convened within 7 (seven) days just after receiving the complaint at the Project Level,
- 3) The GRC at Project Level will conveyed decision within 15 (fifteen) days of the receipt of the complaint,
- 4) Environment/Social Safeguard Officer at Project Level shall record the decisions taken at the GRC meeting and issuing minutes of the meeting/s,
- 5) Environment/Social Safeguard Officer at Project Level, after discussion with, shall take necessary actions regarding the progress of the implementation of the decisions taken by the GRC

(iii) At LGED Level:

Necessity of Grievance Redressal Committee (GRC)

During the implementation of CRDP-II, if any private property/asset (temporary/permanent) gets damaged and if any grievances are raised by the affected persons, then in order to resolve such issues, it becomes mandatory/ compulsory to form a GRC. The formed GRC would play an effective role in receiving and resolving the grievances/complaints raised by the affected persons that may cause from the implementation of projects and subprojects. The process of resolving so and so complaints would be considered as a part of policies relating to safeguard of the project. In this process, the grievances of aggrieved person or persons must be addressed and resolved in a transparent and timely manner. The process to be implemented should not be gender sensitive and should be free from any cultural biases. It should be ensured that in this form of resolve, the affected persons can easily accept the process of achieving the resolve and they do not require spending any money for it. The affected persons must gradually be given accurate and elaborate information on this process of grievances redressing.

Grievance Redressal Committee and Settlement Process

The grievances redress process will be implemented at 3 (three) levels. The First and Second Levels will be addressed at Upazila Level and the Third at Project Level.

First Level: At the First Level, the complainant/AP shall have easy accessibility to the venue and a fastest resolve of grievances system. In this stage, the Upazila Engineer shall appoint a Sub Assistant Engineer of the concerned PIU as a focal person of the project. The focal person will receive complaints from the victims and make an effort for prompt grievance redress. In order to provide ease of communication, the focal person's mobile number needs to be put up in an important place of the project area. Upon receipt of a written complaint/s from the victim or persons, the Focal Person shall immediately refer the matter to the committee formed at the primary level (as per scope of work no. 2 of the Committee in terms of responsibility)

First Level Local Grievance Redressal committee

- 1) Executive Engineer/Assistant Engineer of concerned City Corporation------Chairman
- 2) Project Consultant (Safeguard Expert) of CRDP-II------Member

Scope of work of the First Level Grievance Redressal Committee (at Local Level)

- 1) Upon receipt of the complaints from the affected/aggrieved person, grievances are being resolved through discussions,
- 2) Once the grievances of AP is received/reported, these are to be resolved within 7 (seven) days of receipt of the complaint,
- 3) Inform the affected persons about land acquisition, structures acquisition, livelihood impacts, entitlements, and about various assistance/collaboration,
- 4) All the information related to the complaint of the complainant is recorded,
- 5) To preserve properly all records and minutes of meetings related to grievance redressal and inform the Project Director by the Upazila Engineer through the Executive Engineer, LGED, of concerned district.

Second Level: If any complaint is unresolved at the primary level, the Upazila Engineer will report the complaint in writing to the second level local grievance redressal committee formed at the upazila level. After receiving the written letter from the Upazila Engineer, the second level grievance redressal process will start.

Second level local grievance redressal committee

- 1) Upazila Nirbahi (Executive) Officer------Chairman
- 2) Representative of Upazila Nirbahi (Executive) Officer of concerned Upazila------Member
- 3) Representative of aggrieved/affected person of concerned City Corporation------Member
- 4) Representative of the local Land Registry Office-------Member
- 5) Representative of Divisional DOE Office------Member
- 6) Representative of Office of Executive Engineer of concerned District-------Member
- 7) Environmental/Social Safeguard Officer of concerned District-------Member Secretary

Scope of the second level local grievance redressal committee

- 1) At this stage, it is to assess the amount of loss (physical quantity only) in the acquisition of assets (permanent / temporary) of the affected persons in the project, and to assist in obtaining compensation
- 2) To assist in obtaining compensation from the project authorities, if the victim's complaint is covered by the Rehabilitation Policy,
- 3) To resolve the grievances of the victims/AP on priority basis by sorting them according to type within 1 month,
- 4) To inform the complainant about the progress of the complaint and the decision of the committee,
- 5) To inform the Project Director through the Upazila Nirbahi (Executive) Officer about the progress of the complainant's complaint and the decisions of the Redressal Committee.
- 6) The grievance redressal committee will meet at least twice a month. The number of monthly meetings can be reduced or increased based on the number of unresolved complaints and in consultation with the Project Director.

Third Level: In the second stage, if any grievance remains unresolved in the local grievance redressal committee, the Executive Engineer of concerned District will immediately inform the project director. The Project Director will initiate the activities of the third level grievance redressal committee formed at the project level in consultation with the Executive Engineer on the basis of the report and recommendations of the local grievance redressal committee.

Third level local grievance redressal committee

Scope of the Third Level local grievance redressal committee

- 1) The Environment / Social Safeguard Officer will present the grievances and previous level decisions to the grievance redressal committee.
- 2) At the Project Level, the grievance redressal committee will convene a meeting within 7 days of receiving the grievance
- 3) At the Project Level, the grievance redressal committee will provide decision within 15 days
- 4) The Environment / Social Safeguard Officer, at the Project Level, will record the decisions of the grievance redressal committee meeting and issue the minutes of the meeting.
- 5) The Environmental / Social Safeguard Officer, at the Project Level, will take necessary steps after discussing the progress of implementation of the decision of the grievance redressal committee.
