#### 1. Project Description

### 1.1 Project Objective

The objective of the "Inclusive City Governance Project" (the Project) is to improve public services and promote economic opportunities in the target five (5) City Corporations by strengthening the city governments' administrative capacity and improving urban infrastructure, thereby contributing to the economic growth and the living environment improvement in the target City Corporations.

#### 1.2 Necessity and Priority of the Project

Consistency with development policy, sector plan, national/regional development plans and demand of target group and the recipient country.

#### 1.3 Background

Bangladesh has experienced increased urbanization since independence. In 2012, the estimated total population of the country was 154.69 million of which 29.0 percent (44.86 million) was urban. The urban population growth rate is 2.92% per annum (World Bank 2012), much higher than total population growth rate of 1.37% (Bangladesh Bureau of Statistics 2011). At existing growth rates, it is expected that the country's urban population will reach about 110 million or half of the population by 2035. The reasons for the rapid population growth in urban area are as follows; i) the high natural increase in urban population; ii) the territorial expansion of urban areas; and iii) rural to urban migration. At present urban dwellers constitute about 30 percent of the total populations of Bangladesh, but their contribution to GDP is more than 60 percent indicating that the productivity of labor in urban areas is much higher than in rural areas.

Two types of urban local government exist in Bangladesh e.g. the City Corporation (CC) and the Pourashava. Generally, in the Divisional Level, CC functions whereas Pourashvas function in other towns. At present there are 11 (eleven) CCs and 319 Pourashvas in the country. CCs are playing an important role in the national development resulting from rapid growth in these urban centers.

#### 1.4 Development policy, sector plan, national/regional development plans

(a) The Sixth Five Year Plan 2011-2015(2010) (SFYP)

The SFYP emphasize the importance of the development of sound urban institutions and the improvement of city governance. SFYP mentions that the strategies for "urban transition management" include: improving city governance, balanced development of urban centers, urban resource mobilization, sound real estate market, facilitating NGO improvement in housing, taking steps for better urban land management, better environmental management, sustainable urban transportation, provision of infrastructure/services, reducing urban poverty.

The Draft Final Seventh Five Year Plan 2016-2021 (SFYP) emphasizes three fundamental principles of governance:

- (i) ensuring the rule of law,
- (ii) avoiding political partisanship, and
- (iii) building a society free from corruption.

These basic principles also guide the articulation and implementation of development programs thus forming the institutional framework, fundamental reforms, improvement in administration capacity and a strong anti-corruption strategy, and good governance in urban sectors.

#### (b) The draft National Urban Sector Policy (2011) (NUSP)

NUSP has objectives: to ensure regionally balanced urbanization through decentralized development and hierarchically structured urban system; to devolve authority at local urban level, and strengthen local governments through appropriate powers, resources and capabilities so that local governments can take effective responsibility for a wide range of functions; and to develop and implement urban management strategies and governance arrangements for enhancing complementary roles urban and rural areas in sustainable development.

#### (c) City Corporation Act (2009)

Before 2008, there were 6 (six) City Corporations in Bangladesh and there are 6 individually-formed "Act" for each CC. In 2009, for managing the rapid urbanization, LGD unified those individual Acts and newly enacted into "City Corporation Act". It is supposed, the number of CCs will be increased in near future, so that the government needs to improve the legal system on City Corporation.

#### 1.5 Rationale of target area selection and overall project design

#### 1.5.1 Needs for inclusive urban development

Urbanization is the key contributor to the strong growth of industries and the social development. But at the same time, urban congestion and pollution now threaten city dweller's life and future economic growth.

#### (a) Needs for urban infrastructure development

The development of urban infrastructure has not kept pace with rapid urbanization, causing an acute shortage in urban infrastructure and services like piped water, sewerage, drainage, roads and bridges. As roads and bridges have insufficient capacity to meet growing traffic volume, traffic jams in city centers limit access to economic opportunities and social services. Rapid urbanization is largely attributed to immigration be in low income group settling in urban slums without access to basic services. Rapid urbanization has been posing adverse environmental and social consequences.

#### (b) Weak urban governance

Although the City Corporation Act (2009) clearly mentions that CCs are the Local Government Institutions mandated to provide service to the urban citizens, CCs do not have enough capacity to provide those services to their dwellers. The reasons of CC's weak urban governance are:

- (i) shortage of manpower;
- (ii) financially vulnerability;
- (iii) incompetence of officers;
- (iv) the limited power for recruitment; and the absence of participatory planning process and system.

#### (c) Lack of coordination among stakeholders

The involvement of a number of institutions in the management of affairs of city areas has resulted in gross overlapping of functions and lack of coordination. Such plurality generated by the municipality within institutions in planning, implementation and development approaches results in uncoordinated manner, which in fact create more problems.

#### (d) Lack of Inclusive Urban Planning

CCs were originally created for planning and management of urban areas. Later on separate planning and development organizations were created such as Rajdhani Unnayan Kartripakkha (RAJUK) and Chittagong Development Authority (CDA). The development authorities in these cities are authorized to undertake local urban planning as well as infrastructure and site development activities for housing, commercial and industrial use. The authorities are also empowered to exert development control functions. The effectiveness of these authorities, however, is generally limited by such factors as inadequate management and financial system, multiplicity of institutions with urban development function within their jurisdictions, uncoordinated development, and lack of integration with other agencies.

#### 1.5.2 Continuity of JICA's Assistance

To find out the appropriate functional and institutional structure for the CC, GOB requested the Government of Japan to implement a technical cooperation project to cover all aspects for establishing "Inclusive City Government" with a view to meeting the future demand and efficient management of urban development. Under the Record of Discussion between Japan International Cooperation Agency (JICA) and GOB, JICA dispatched the Expert Team for Technical Cooperation Project (the JICA TCP Team) and, together with Local Government Division (LGD) and Local Government Engineering Department (LGED), launched "The Project for Developing Inclusive City Government for City Corporation" (the JICA TCP) in November 2012. The JICA TCP has developed

- (i) governance improvement programs and
- (ii) infrastructure development plan based on CC's future vision through the discussion with CCs, LGD and LGED. Based on the above mentioned outputs from the JICA TCP, LGED and JICA formed the Loan Project to establish "Inclusive City Governance".

## 2. Scope of Works

#### 2.1 Project Components

The CGP comprises of four components are:

Component 1: Governance improvement and capacity development,

Component 2: Urban infrastructure development,

Component 3: Implementation support for equipment procurement, and

Component 4: Consulting service.

The project will address urban infrastructure development in parallel with governance improvement of each target CC during the project period. City Corporations focused on will be:

Narayanganj City Corporation Comilla City Corporation Rangpur City Corporation Gazipur City Corporation Chittagong City Corporation

This Monthly Progress Report summarizes the Consulting Services for Governance and Infrastructure Improvement (GII) through the current cycle of activities, problems and/or issues, and its resolutions with three sub-teams such as (1) Governance Improvement and Capacity Development (GICD), (2) Design, Supervision and Monitoring (DSM), and (3) Feasibility Study and Master Plan Review (FSMP).

#### 2.2 Scope of GII CGP Consultants

#### (a) Management Unit (GII)

This unit consists of the Team Leader and Financial Management Specialist with supporting staff to control over three subteams such as GICD, DSM and FSMP.

#### (b) Governance Improvement and Capacity Development (GICD)

GICD sub-team undertakes enhancement of CC Governance through ICGIAP implementation and makes collaboration with prospective JICA Technical Cooperation Project on Governance. Two sub-components include:

Table 2.2.1 Summary of Governance Activities by GICD (Original)

| GICD<br>Component       | Contents  | Description   |
|-------------------------|---|---|
| Sub component<br>1-1    | Inclusive City Governance Improvement Action Program (ICGIAP) (2) | To support each CC on the governance with:  (i) Accountability; (ii) Participation; (iii) Legal Framework; and (iv) Transparency. ) To support to implement the administrative reform action plan (ARP) to achieve city incisiveness. ) To be supported by JICA's Governance Technical Cooperation Project through: (i) Improvement of Legal Framework of each CC; (ii) Restructure of organization of each CC (iii) Capacity Development of each CC; and (iv) Exchange of know-how among cities in |
| Sub<br>component<br>1-2 | Capacity (1) Development  | Bangladesh and Japan.  To support capacity development of: (i) City Officials of each CC; (ii) Mayor and Councilors of each CC; (iii) GOB officials; and (iv) Contractors through: - Skill-up Training; - ICT enhancement; - Establishment of CRC; - Exchange visit and Best Practice Dissemination Program; - Waste Management Activities; and - Poverty Reduction Program ) To be supported by JICA's Governance TCP with their pilot activities.   |

#### (c) Design, Supervision and Monitoring (DSM)

DSM sub-team works for the preparation and implementation of the infrastructure projects categorized as Batch 2, while it will support each CC for implementation of Batch 1 sub-projects when necessary. Table 1-1 summarizes sub-component of DSM:

Table 2.2.2 Summary of Infrastructure Subprojects by DSM (Original)

| DSM Component     | Contents   | Description  |
|-------------------|--|--|
| Sub component 2-1 | Urban roads (include<br>bridges, flyovers and<br>culverts) | Upgrading of at least 58 urban roads (Total 419.99 km) in 5 CCs to provide efficient road access between economically and socially important locations, such as Export Processing Zone (EPZ), markets, hospital, and schools.                  |
| Sub component 2-2 | Drainage facilities  | Improvement of drainage facilities (Total 196.47 km) in 5 CCs to reduce inundation and water logging of rainwater, sewage, and wastewater.   |
| Sub component 2-3 | Water supply system  | Installation of 6 water supply systems to improve citizen's access to safe water by: (1) rehabilitation and expansion of piped water supply system, (2) construction of production tube wells with pump house.                                 |
| Sub component 2-4 | Bus & truck terminal                                       | Improvement of 2 bus and truck terminals to improve efficiency of passenger and freight transport, enhance economic potential, and mitigate traffic congestion by reducing the number of stopping and parking of buses and trucks at roadside. |
| Sub component 2-5 | Street lights  | Installation of streetlights to enhance road safety and public security which includes; (1) installation of streetlights and poles, and (2) switching to energy saving light bulbs.  |
| Sub component 2-6 | School cum cyclone shelter                                 | Construction of 8 school cum cyclone shelters in coastal area of Chittagong CC.  |

#### (d) Feasibility Study and Mater Plan Review (FSMP)

FSMP sub-team will review the existing master plan and/or relevant urban development plans of CCs, and conduct feasibility studies in the target 5 CCs. The FS covers transport, water supply, drainage, sanitation, solid waste management, land reclamation and municipal facilities etc. The output of FS (probable subprojects) will be link with other investment project in planned way such as for future infrastructure development projects.

Table 2.2.3 Summary of FSMP Activities Currently Underway by FSMP

|                    |                  | Tramp Activities Currently Origerway by ramp                         |  |  |  |
|--------------------|------------------|--|--|--|--|
| FSMP Component     | City Corporation | Description  |  |  |  |
| Sub component 3-1: |                  |  |  |  |  |
| Feasibility Study  | Narayanganj      | (1) Fourth Shitalokha River Bridge Construction                      |  |  |  |
|                    |                  | (2) Water supply, solid waste management projects                    |  |  |  |
|                    | Comilla          | (3) Gomti River Embankment Road Construction                         |  |  |  |
|                    |                  | (4) Surface Water Treatment Plant, Drainage, and Sewerage projects   |  |  |  |
|                    | Rangpur          | (5) Upgrading of Urban Roads   |  |  |  |
|                    |                  | (6) Water Supply, Solid Waste Management Projects                    |  |  |  |
|                    | Gazipur          | (7) Turag River Bridge Construction                                  |  |  |  |

## 3. Progress of Consultancy Services During November, 2017

#### 3.1 Progress of Governance Improvement and Capacity Development (GICD)

#### Summary

The GICD team continues to support the 5 CCs as per the FY 2017/18 ICGIAP annual action plan to achieve the 13 trigger criteria specified for the 2- Performance Review to be held on June 2018, and make further progress on the remaining 29 ICGIAP activities in seven areas. Progress on the 13 trigger criteria as of June 2017 was assessed in August/September by the BME team. GICD has supported new actions since then.

#### **Support for New CC Actions**

- IT and Communications: GICD supported the CCs to (i) develop annual plan and budget by MCC on information dissemination activities in NCC and CoCC; (ii) approve information dissemination plan and budget by CSCC in RpCC and GCC; and (iii) send 10,000 SMS to registered citizens in RpCC.
- Governance and Organizational Improvement: GICD conducted KAIZEN refresher workshops for capacity development
  to review the basic idea of KAIZEN, its characteristics, and how to prepare and implement KAIZEN plans at CoCC on 6
  November 2017, at ChCC on 8 November 2017, at GCC on 13 November 2017 and at NCC on 14 November 2017. CCs also
  implemented additional KAIZEN activities in each department as per their CC work plans.
- Finance and Tax Management: GICD supported CCs to (i) establish a system linking holding tax ID and construction permit issuance in RpCC and CoCC; and (ii) hold meeting of the finance and establishment SC in all 5 CCs.
- Participation and Poverty Reduction: GICD conducted refresher trainings for 50 community organizers under PRAP from
  5 CCs at Comilla BARD on 27-28 November 2017 for NCC & GCC and on 29-30 November 2017 for RpCC, CoCC & ChCC to
  review their experience and practices and identify gaps in understanding to support smooth implementation of savings,
  micro-credit, health, education and small infrastructure improvement activities.
- Urban Planning and Waste Management: GICD supported CCs to (i) conduct CPU meetings in NCC and CoCC.

#### **Progress on Trigger Activities**

The graph below summarizes progress towards completion of all 13 trigger activities for the second Performance Review including activities completed by June 2017 and reviewed by BME (green), activities completed after BME review (yellow), and activities not yet completed (red). CoCC and RpCC have completed all 13 activities.

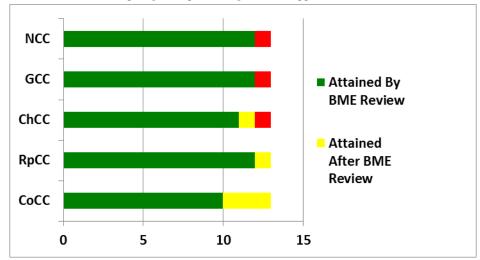

Figure 3.1 Progress on 13 2nd PR Trigger Activities

The table below lists 6 criteria identified by BME as not achieved as of June 2017, and completion of 3 criteria with GICD support after the BME review.

Table 3.1.1 Progress on Trigger Activities

| Area/Activity                    | Trigger Criteria<br>Not Achieved                              | Trigger Criteria<br>Progress as of   | Current Status  |

Noteworthy CC-level actions during the month:

Updated IDP along with updated list of sub-projects is a noteworthy achievement of CPU during this month. Task force in each CC is yet to be formed due to lack of participation of all members and fruitful meeting with targeted agenda relevant with ICGIAP activities. This situation arises due to lack of willingness among the members to view the CPU as a platform of

#### Noteworthy CC-level actions during the month:

Master Plan is remained as just a document left in the shelf of each CC. The reasoning behind this is not being turned into a legal document by gazette notification by the concerned ministry in case of CoCC. RAJUK is the custodian of Master Plan covering both NCC and GCC area which is under different ministry (Ministry of Public Works). That's why there is a lack of coordination during plan preparation stage between RAJUK and NCC as well as GCC, though development of NCC area depends on CC Authority. The same scenario is observed in case of ChCC and CDA.

| 6.2 Implement development | Major areas of illegal land use and squatting | At least one qualified officer in charge of building permission is assigned | Done   | Y | Υ | Υ | Υ | Y |

#### Noteworthy CC-level actions during the month:

During FY2016-17, GCC and RpCC have identified illegal buildings as part of fulfilling this activity. Notices had been issued to those identified land use.

In spite of not having list of all approved buildings and land use the CCs, with assistance from planning Specialist and Facilitators, identified some buildings and land uses which are illegal in terms of occupancy, building code and compatibility of land uses. The report preparation is in progress and expected to be done for all 3 CCs (NCC, CoCC and ChCC).

#### 3.2.2 Progress Summary of Batch 1 Subprojects

The financial progress of Batch 1 subprojects as of the end of November, 2017 is summarized below. The total amount that 5 CCs paid to their contractors was 294.58 Crore BDT.

CoCC & NCC Batch-1 Completed. ChCC, RpCC & GCC progress is 70.69% and 80.75% and 54.71% respectively. DSM consultant SIM, DTL PCMS & QCS have visited Rangpur, Gazipur & Chittagong City corporation and giving necessary instruction to the contractors & advise to the CC submitted the field visit report. GCC show less progress among the city corporations and DSM already informed this City Corporation and PCO to take necessary steps to close the Batch-1 subprojects as early as possible. The progress of ChCC, GCC and RpCC are being closely monitorred. We hope that good progress can be achieved within the coming months.

Table 3.2.1 Financial Achievement

| Description                                 | Amount (Crore BDT) | Remark           |
|---|--------------------|------------------|
| JICA's upto total disbursement to LGED      | 705.12             | 30-November 2017 |
| Achievement as on the end of November ,2017 | 503.15             | 71.36%           |

#### 3.2.3 Progress Summary of Batch 2 Subproject

- DSM team have completed the Design 73 Sub-projects. Sub projects under preparation CoCC2-5, Note: 3 additional Sub-project designs have not progressed for the following reasons
  - RpCC2-13 CC failed to provide adequate location/land for truck terminal
  - ChCC2-6 SP determined not feasible by FSMP review requiring land acquisition, funding reallocated for extension of ChCC2-5
  - NCC2-8 Khal rehabilitation/reconstruction included in works planned by others

Design and Drawing submissions 73/74 sub-projects (98.64 %)completed

- 1 Sub-projects Design Under Process.
  - CoCC2-05
- 1 Sub-projects currently under review
  - ChCC-o5

With reference to CHCC2-05, the DSM team submitted the detailed design and cost extimate in late May, 2017 and made presentation to the design unit of LGED on 27 July. The design unit of LGED told DSM team to return the result of the reviw within a few weeks. Then in November 2017, DSM team was verbally informed that the design needs to be changed from one pier structure to two pier structure (two separate overpasses with the same alignment, one for the traffic to north and the other to the South, each with two lane) to accommodate potential BRT system to run underneath the proposed overpasses in future. The design unit of LGED has been since conducting the design by itself and DSM team is waiting for further instructions from PCO/LGED.

### **Summary of status:**

Accepted Sub-projects-72 Correction/Adjustmnents-1 To be completed-1, Total=74

#### 3.2.4 Field Progress status of Batch-2 sub projects (Tender & construction):

The financial progress of Batch 2 subprojects as of the end of November, 2017 is summarized below. The total amount that 5 CCs paid to their contractors is **8.97 crore BDT** 

- 1. CoCC Batch-2 Tender Invitation and evaluation under process. Three (3)sub project NOA issued to date
- 2. NCC Nine(9) contracts have already been awarded out of approved 11 contracts and works is in progress slowly. Already advised NCC to take the necessary steps to progress the works.
- 3. RpCC 18 contracts have already been awarded & works is very slowly progress. Some of packages are already 30 to 50% times laps but works have not yet start. DSM already issued a letter to PCO to take the necessary steps to accelerate the progress of works.
- 4. GCC eleven (11) contracts have already been awarded out of the 14 sub projects in Batch-2 and works has been very slow in progress. DSM already informed the City Corporation and PCO to take necessary steps to increase the progress of works.
- 5. ChCC six (6) contracts packages have already been awarded out of 14 approved packages and works is in progress. The progress of this CC is being closely monitored.

### 3.3 Progress of Feasibility Study and Master Plan Review

The FSMP team undertook mainly the following tasks in November 2017 as summarized below:

Preparation of list of priority projects by sector (i.e., transport, water supply, drainage, sewerage and solid waste management, and municipal facilities)

Urban planners and transport planners as well as sector specialists almost completed their sector reviews, continued with site visits in some sectors, discussions with CC officials, analyses on the information collected, and updated the sector reports including long list and Priority Project List. Project Profiles have been being prepared and partially circulated among the team members. Priority Project List has been finalized and relevant city reports have been submitted to PCO, and waiting for their comment to finalize these reports.

#### **DFR Preparation**

The FSMP sector specialists worked on the preparation of DFRs as shown in the table below, which describes the current status of each report.

Table 3.3.1 Summary of DFR Preparation Status

As of November 2017

| Cit         | Domont  |   | As of November 2017   |
|-------------|---|---|---|
| City        | Report  |   | Status  |
| Five Cities | Infrastructure Development                                      | • | DFR Submitted in July 2017  |
|             | Strategies and List of Priority<br>Projects                     | • | Final Report is being prepared  |
| Five Cities | Municipal Solid Waste Management                                | • | DFR Submitted in August 2017  |
|             | (SWM): Guidelines and Strategies                                | • | Final Report is being prepared  |
|             | for Improvement in Five Study Cities                            |   |   |
| Narayanganj | Construction of Kadam Rasul Bridge                              | • | DFR Submitted in October 2017   |
|             | over Shitalakhya River (FSo1)                                   | • | Final Report is being prepared  |
| Comilla     | Construction of Comilla   | • | DFR Submitted in September 2017   |
|             | Embankment Road (FSo2)  | • | EIA/RAP to be submitted later   |
|             | Development of Surface Water<br>Supply System in Comilla (FSo3) | • | All chapters are drafted. Some restructuring of materials will be required. |
|             | ,   | • | Two phase implementation schedule has been integrated                       |
|             |   |   | into one. This way, the project could bring the benefit                     |
|             |   |   | earlier than planned.   |
|             |   | • | All the drawings, and report description changed.                           |
|             |   | • | Willingness to pay survey has been completed, and                           |
|             |   |   | financial/economic analyses are being prepared.                             |
|             | Rehabilitation of Racecourse Khal,                              | • | DFR Submitted in September 2017   |
|             | Agriculture Institute Khal and                                  | • | Final Report is being prepared  |
|             | Chhyabitan Drain in Comilla (FSo4)                              | • | EIA/RAP to be submitted later   |
| Rangpur     | Construction of Rangpur Inner Ring                              | • | DFR Submitted in October 2017   |
|             | Road (North-Eastern Section) (FSo <sub>5</sub> )                | • | Final Report is being prepared  |
|             | Construction of New Drain, and                                  | • | DFR Submitted in October 2017   |
|             | Rehabilitation of Shyamasundari-                                | • | Final Report is being prepared  |
|             | Khoksha-Ghagot Canal System in Rangpur (FSo6)                   |   |   |
| Gazipur     | Construction of Joydevpur Railway                               | • | DFR Submitted in September 2017   |
| -           | Flyover (FSo7)  | • | Final Report is being prepared  |
|             |   | • | EIA/RAP to be submitted later   |
|             | Construction of Naojor-Kashimpur                                | • | DFR Submitted in September 2017   |
|             | Bridges over Turag River (FSo8)                                 | • | Final Report is being prepared  |
|             |   | • | EIA/RAP to be submitted later   |
|             | Development of Surface Water                                    | • | All chapters are drafted except one for environment. Some                   |
|             | Supply System in Gazipur (FS09)                                 |   | restructuring of materials will be required.                                |
|             |   | • | All the drawings need to be put together.                                   |
|             |   | • | Willingness to pay survey has been completed, and                           |
|             |   |   | financial/economic analyses are being prepared.                             |
| Chittagong  | Development of Central  | • | DFR (Main Report, Drawings) Submitted in August 2017                        |
|             | Biogasification/Composting                                      | • | Final Report is being prepared  |
|             | Facilities in Chittagong (FS10)                                 | • | EIA to be submitted later   |
| Five Cities | Rehabilitation, Expansion and                                   | • | DFR (Main Report, Drawings) Submitted in August 2017                        |
|             | Redevelopment of Existing Public                                | • | Final Report is being prepared  |
|             | Toilets in Five Study Cities (FS11)                             | • | EIA to be submitted later   |

### 3.3.1 Summary of Activities by Sector in November 2017

The Table 3.3.2 summarizes sector activities during this period:

Table 3.3.2 Sector Activities by FSMP Team - November 2017

As of November 2017

|                                | As of Novelliber 2017  |
|--------------------------------|--|
| Sector                         | Monthly Activity Summary   |
| Urban Planning /               | Drafted five City Reports, and FS11.   |
| Municipal Infrastructure       | <ul> <li>Supported FR preparation on all FSs and provided urban planning context.</li> </ul>       |
| Industrial Development         | (No assignment during this period)   |
| Transport Planning             | <ul> <li>Assisted the implementation of Willingness to Pay surveys for the Water Supply</li> </ul> |
|                                | Sector   |
|                                | <ul> <li>Conducted financial and economic analyses for the water supply projects.</li> </ul>       |
| Road and Bridge<br>Engineering | Assisted DFR editing and FR preparation of FSMP reports  |
| Traffic Management             | (No assignment during this period)   |
| River Engineering              | (No assignment during this period)   |
| Geotechnical Engineering       | (No assignment during this period)   |
| Water Supply                   | DFR preparation on FSo <sub>3</sub> and FSo <sub>9</sub>   |
| Drainage System                | (No assignment during this period)   |
| Sewerage System                | (No assignment during this period)   |
| Solid Waste Management         | Preparation of FR  |
| Demand Forecasting /           | (No assignment during this period)   |
| Economic Analysis              |  |
| Costing and                    | (No assignment during this period)   |
| Implementation Planning        |  |
| Environment Sector             | <ul> <li>Updated EIAs, and FS chapter drafts. Still waiting for the survey companies to</li> </ul> |
|                                | complete revising some of their draft EIAs.  |
| Social Sector                  | (No assignment during this period)   |
|                                |  |

# 3.3.2 DFR Presentation Workshop

During August to November several DFR presentation workshops have been organized as shown below: Table 3.3.3 Schedule of DFR Presentation Workshop, August – December. 2017

| CC          | Dates                      | Agenda   | Team Members   |

### 3.3.3 Status of DFR Submission and Schedule

Draft Final Reports are being prepared. There will be 17 volumes as listed below and other supporting documents such as, IEE, EIA, RAP, Municipal Solid Waste Management Plan. Temporary submission schedule of DFRs has been presented to PCO. It has been agreed with PCO that the consultants will submit reports one by one (or a few volumes at one time) when they are ready, for the convenience of PCO members to review those reports and provide their comments.

Table 3.3.4: Status of FSMP DFR Submission and Schedule

| Number | Report Title   | Status (% Complete as of November 2017) |
|--------|--|---|
| 1.     | Feasibility Study and Master Plan Review (FSMP): Main Project Report   | 70%                                     |
| 2.     | Infrastructure Development Strategies and List of Priority Projects: Narayanganj CC  | Submitted                               |
| 3.     | Infrastructure Development Strategies and List of Priority Projects: Comilla CC  | Submitted                               |
| 4.     | Infrastructure Development Strategies and List of Priority Projects: Rangpur CC  | Submitted                               |
| 5.     | Infrastructure Development Strategies and List of Priority Projects: Gazipur CC  | Submitted                               |
| 6.     | Infrastructure Development Strategies and List of Priority Projects: Chittagong CC   | Submitted                               |
| 7∙     | Municipal Solid Waste Management (SWM): Guidelines and Strategies for Improvement in Five Study Cities                                 | Submitted                               |
| 8.     | Feasibility Study Report (FSo1): Construction of Kadam Rasul Bridge over<br>Shitalakhya River  | Submitted                               |
| 9.     | Feasibility Study Report (FSo2): Construction of Comilla Embankment Road   | Submitted                               |
| 10.    | Feasibility Study Report (FSo3): Development of Surface Water Supply System in Comilla   | 95%                                     |
| 11.    | Feasibility Study Report (FSo4): Rehabilitation of Racecourse Khal, Agriculture<br>Institute Khal and Chhyabitan Drain in Comilla      | Submitted                               |
| 12.    | Feasibility Study Report (FSo5): Construction of Rangpur Inner Ring Road (North-<br>Eastern Section)                                   | Submitted                               |
| 13.    | Feasibility Study Report (FSo6): Construction of New Drain, and Rehabilitation of Shyamasundari-Khoksha-Ghagot Canal System in Rangpur | Submitted                               |
| 14.    | Feasibility Study Report (FSo7): Construction of Joydevpur Railway Flyover   | Submitted                               |
| 15.    | Feasibility Study Report (FSo8): Construction of Naojor-Kashimpur Bridges over Turag<br>River  | Submitted                               |
| 16.    | Feasibility Study Report (FS09): Development of Surface Water Supply System in Gazipur   | 90%                                     |
| 17.    | Feasibility Study Report (FS10): Development of Central Biogasification / Composting Facilities in Chittagong                          | Submitted                               |
| 18.    | Feasibility Study Report (FS11): Rehabilitation, Expansion and Redevelopment of Existing Public Toilets in Five Study Cities           | Submitted                               |
